

WOMAN FIRES COUNTRY HOME AND THEN HANGS HERSELF WHILE 2 PERISH IN FLAMES

Ansfield, O., Aug. 9.—Two inmates of the Richland county home were burned to death today when fire of incendiary origin destroyed the building and the alleged firebug, Mrs. Ellen Kussie, 60, then hanged herself to a willow tree nearby.

The seventy other occupants of the infirmary, aroused by motor tourists, who discovered the fire, escaped.

Those burned to death were: Mrs. Mary Bollinger, 55, an inmate for 25 years; and Mrs. Kate Greisham, age unknown.

According to authorities, Mrs. Kussie harbored a grudge against the county since county commissioners removed her to the home a year ago, taking over her title property. She was reported to have vowed to "get even."

WESTERN CYCLONE CLAIMS NINE VICTIMS IN SECTION

Further Rain and Wind Storms Are Threatened In Wisconsin, Illinois, Iowa and Indiana—Damage Is Great.

Chicago, Aug. 9.—In the face of further rain and windstorms predicted for today, inhabitants of Wisconsin, Illinois, Iowa and Indiana districts that were smitten by cyclonic winds and deluges of rain for the past four days are striving courageously to dig themselves from the debris which mews the sections.

Latest reports filtering in over crippled wires today placed yesterday's and Thursday night's death list at nine. This total does not include six or eight deaths due to storms earlier in the week. Property damage in cities and towns in the path of the blow and farm crops will run into the millions.

Early today a storm of terrific intensity, accompanied by hail and destructive lightning cut a swath through central Indiana. Two were killed at Lafayette, and one at South Bend and one at Petersburg by lightning bolts. The first two had sought shelter under a steam shovel.

Preceding a deafening aerial explosion, a bolt of lightning curled its way through the mechanism of the great shovel, ripped the mechanism apart and electrocuted the two men.

Eleven others were badly shocked. The two at South Bend were boys seated on a steel plate, fishing. Attracted by the metal, the lightning flared in freakish sheet of flame over the plates, surface, killing the boys. There were many other freaks of the storm. Perhaps the weirdest of these was a lightning bolt which slithered

down through the trunk of a tree, followed the roots and broke up through the pavement to a velocipede being ridden by three year old Lizette Benthelm. She was burned to death by the sudden sheet of flame that ensued.

Chicago, Aug. 9.—Two violent storms which swept four northwest-ern states claimed a toll of at least six lives and damaged property to the extent of \$3,000,000.

One storm swept northwestward from Tomah, Wis., to Bloomer, Wis. Another storm swept out of central Nebraska and hit Des Moines. While the Nebraska-Iowa storm apparently was the most extensive, few casualties have been reported so far.

Two persons were killed at Black River Falls, Wis., and additional deaths were reported from Bloomer, Osseo and New Auburn, Wis. Mrs. Ray Lytle, wife of a Granger (i. e.) farmer, was killed when wind moved her home from its foundation.

Six inches of rain fell during a veritable cloudburst at Columbus, Neb. There was heavy hail and wind. This storm swept southwestward and struck Des Moines, deluging the town. The wind unroofed many houses at Des Moines. Heavy hail that accompanied the storm beat crops into the ground and the rain washed out fields, highways and culverts.

The property and crop damage in Wisconsin's storm was estimated from various sources at around \$1,000,000. In Iowa and Nebraska property and crop damage, according to railroad agents in various towns, may reach \$2,000,000.

ROSIE B. JONES DIES AT SISTER'S HOME

Miss Rosie B. Jones, died at the home of her sister, Mrs. Lucretia Gowdy, 703 South Detroit street, Friday night at 10 o'clock. She had been ill fourteen months.

She was born near Port William and had resided in Xenia for twenty years. Surviving are three sisters, Mrs. Anna Gowdy of this city; Mrs. Maria Moorman of California; and Mrs. Anna Jackson of Bowersville and one brother, Edward Jones of Fort Recovery, O.

Private services will be held Monday morning with interment in Port William Cemetery. Friends may call at the home Sunday evening between 3 and 6 o'clock.

SOCIALIST NOMINEE WILL SPEAK HERE

Joseph W. Sharts, Socialist nominee for Governor of Ohio, will speak in front of the Court House, Saturday night at 7:30 o'clock.

Mr. Sharts was born at Hamilton, O., attended the Dayton public schools and graduated from Harvard University in 1897. He was admitted to the Ohio Bar and U. S. Supreme Court Bar. Mr. Sharts has practiced law in Dayton for a long period. He is editor of the Miami Valley Socialist, a weekly published at Dayton and is author of several books. Listed in "Who's Who." He was counsel for Bishop Brown during the recent church heresy trial.

GIBBONS DEFEATS BRITISH BOTTLER

Wembley Stadium, London, Aug. 9.—Tom Gibbons, American light heavy-weight beat Jack Bloomfield of England, winning by a knockout in the third round after having twice floored the husky Briton.

The fight was one sided throughout. Bloomfield never had a chance of victory. Gibbons was never forced to extend himself. In the first and second rounds he reduced Bloomfield to a state of helplessness with right jabs. At first Bloomfield was able to ward them off, but his steam was gone and he countered only with weak lefts which never hurt the St. Paul boy. Bloomfield's legs were wobbling when he came up for the third and final round. He could not hold Gibbons off and when Gibbons hit him on the jaw with a right he crumpled, helpless.

Cosmetics Held Dangerous.

Columbus, Aug. 9.—Dr. Charles J. Shepard of the college of medicine at Ohio State university, declares that cosmetics are dangerous to the skin in many cases. The only beneficial cosmetics, he says, are applied inwardly. "Beefsteak, eggs, plenty of water and the simple life are the best skin foods," he says, "just as the best wrinkle eradicator is the milk of human kindness. The idea that cold creams can act as a skin food is absurd, for the skin has no absorptive function."

PONZI, FREED, FACES NEW TRIAL

Mrs. Ponzi, Charles Ponzi & Mrs. C. Malagutti

Charles Ponzi, of Boston, whose famous "get rich quick" schemes netted him \$5,000,000, has been released from the Plymouth County Jail, where he served three years as a Federal prisoner. He was immediately re-arrested on State charges. Broke, he could not raise the \$14,000 bail required, but it was furnished by Mrs. Charles Malagutti, a friend of Mrs. Ponzi. Ponzi will be given a hearing in September.

AMERICAN FLYERS FRETTER UNDER DELAY CAUSED BY HUGE ICE FIELDS

Aviators Fear They Will Not Be Able to Continue Unbroken Flight—Route Is Selected By Washington Officials.

On Board U. C. Cruiser Richmond, Off Reykjavik, Iceland, Aug. 9.—(By Wireless)—America's globe girdling aviators, now engaged in a westward flight, began to lose hope today that they would be able to continue an unbroken flight homeward, because of the huge ice fields off the Greenland coast but they are not yet ready to give up.

A definite decision will be taken within the next few days. Within a week or ten days, new ice added to the old would make a flight to the Greenland coast impossible.

At a conference of army and navy officials on board the Richmond, it was decided that it would be impractical to try to land in the sea off the Greenland coast, refueling the airplanes from an American cruiser.

Lieutenant Lowell Smith and Lieu-

tenant Erik Nelson, the only two pilots left of the original four that started on the round the world flight from Los Angeles in March, are keenly disappointed. One—it is impossible for the aviators to give his name—admitted to the International News Services correspondent that the route of the present flight is impracticable. Those who arranged the route overlooked the fact that at the present season there are huge ice fields off the Greenland coast. This made it impossible for the aviators to alight at Angmagssalik, the first charted stop place after leaving Iceland.

The flyer who criticized the present route said he believed the most feasible line of flight would have been over the southern route over the Azores. It is generally understood that Lieutenant Smith, commander of the flight, faces one of two alternatives. 1—Either for the Danish steamship Gertrud Rask to open a sea lane for landing off Angmagssalik, or 2—to attempt the almost impossible task of alighting on the sea and attempting fuelling for the long jump to Indian Harbor.

The Gertrud Rask has reported her inability to break into the Angmagssalik Harbor. Officials declared that it would be a hopeless venture to try to refuel and overhaul the planes in the rough waters off the Greenland ice fields.

The aviators have completed approximately three fourths of their epic journey. They have between six thousand and seven thousand miles to go, if they could get to Greenland and Labrador the balance of the trip would be plain sailing.

Washington, Aug. 9.—A 750 mile hop from Iceland to Cape Farewell at the southern tip of Greenland, was looked upon today by air service officials here as the best course to be taken by the American round the world flyers.

Reports from Lieutenant Lowell Smith, commanding the flight, indicate that it will be virtually impossible either to establish a base at Angmagssalik because of the ice or to refuel the airplanes at sea.

Officials here feel that Cape Farewell is easily within cruising distance of Reykjavik, where the flyers are now waiting for the establishment of bases in Greenland.

STATUE OF GENERAL CLARK IS UNVEILED

Springfield, O., Aug. 9.—Nine states were represented at the unveiling of a monument, near here, to Colonel George Rogers Clark, who defeated the Shawnee Indians in a pitched battle Aug. 8, 1780, five miles west of where Springfield now stands. This battle broke the Indian and British power in this section of the Northwest territory.

Dr. Benjamin F. Prince of Wittenberg college and president of the Clark County Historical society presented the monument to the state, and Dr. W. O. Thompson, president of Ohio State university, made the principal address. Three hundred regulars and Ohio national guardsmen paraded the streets before the ceremonies. The Fort Hayes band, Columbus, was also in the parade. Governor Donahay, Adjutant General Frank Henderson and General Omar Bundy, Columbus, commander of the Fifth corps area, attended the unveiling.

ANGLO-RUSSIAN TREATIES SIGNED

London, Aug. 9.—The Anglo-Russian commercial and general treaties were signed here last night. Prime Minister MacDonald and Arthur Ponsonby, under-secretary for foreign affairs, signed for Great Britain and Ireland, while Adolph Joffe, Christian Rakovsky, Tomski and Sheinmann signed for the Russian government. The treaty does not contain the name of King George, because the Russians have no titular head of their government. Thus the Russians signed for their government as a whole, and the Britons only for their government with no mention of the sovereign. This raises the question of whether succeeding British governments will be bound by a treaty omitting mention of the king. The king, however, signed the pact.

HOOVER IN FAVOR OF RIVER PROJECT

Washington, Aug. 9.—Secretary of Commerce Hoover announced that by October American and Canadian engineers, who are making plans for the St. Lawrence waterway to render that river navigable from the Great Lakes to the Atlantic ocean will be ready to make a specific report. "It is inevitable that the St. Lawrence waterways project will be completed," Hoover declared. "The question is whether now or at some future time. There are 30,000,000 people in the general territory that would be served by this canal, and not many years will elapse before that number is doubled. They will demand that they be given the benefit of the cheaper freight rates to result from completion of this project."

FINED AFTER RAID BY SHERIFF FRIDAY

Rodger Padgett, 25, Bath Township was fined \$300 and costs by Probate Judge Carl Marshall Saturday morning when he pleaded guilty to a charge of possessing implements for the manufacture of liquor. He will be confined in the Greene County Jail until the fine is paid.

Padgett was arrested during a raid on his residence Friday noon conducted by Sheriff Morris Sharp, Deputy George Spencer and two state officers. A complete still was unearthed by the officers, made out of lard cans and containing a quantity of mash.

Plunged Over Embankment.
Cincinnati, Aug. 9.—Four were injured when an automobile in which they were riding plunged over a 40 foot embankment near Madeira, O. Alfred Eiselein, 60, received a probable fracture of the spine. His wife, Augusta Eiselein, sustained a fractured shoulder.

Boy Struck by Automobile.
Cleveland, Aug. 9.—A boy was killed and four persons injured, three perhaps fatally, in traffic accidents here. Harold Ressler, 12, Cleveland, died after he had been struck by an auto at East Mentor as he stepped from his mother's car.

Shot by Negro.
Columbus, Aug. 9.—J. R. Robinson, a section foreman for the Hocking Valley railroad, was shot and probably fatally injured in a gun battle with four negroes. The shooting occurred when Robinson questioned the men who had entered the local yards. Three suspects are under arrest.

LOEB-LEOPOLD DEFENSE STILL DRAGGING OUT

Crowe Expected To Open For State Next Week.

Criminal Court, Chicago, Aug. 9.—Had Nathan F. Leopold, Jr., and Richard A. Loeb never known each other had they gone ahead through life with other friends, it is entirely probable that 14 year old Bobby Franks would still be alive—this interesting psychiatric theory of the "crime of the century" was projected into the trial of the young collegians today by the last of the defense attorneys, Dr. Harold S. Hulbert.

Neither youth, Dr. Hulbert said, had any stomach for crime individually, but each abnormal youth brought to the other the strange association what the other lacked.

Chicago, Aug. 9.—Back in the channels of physiology, psychology and neurology, the defense of Nathan F. Leopold, Jr., and Richard A. Loeb, plugged methodically along today in Judge John R. Caverly's courtroom contending by means of x-ray pictures, blood tests, charts and glandular exhibits that both young slayers are wrong emotionally, inferior physically and diseased mentally.

And being such, the defense contends that Judge Caverly should not sentence them to the gibbet for the sanguinary murder of Bobby Franks, but instead should put them away behind prison bars for the rest of their lives, society will be protected against "any more crimes for a thrill."

There is a wide gap, the latest attorneys for the defense, Dr. H. S. Hulbert contends, between those parts of the Loeb-Leopold brains that control the intellect on one hand and the emotional judgment on the other. The gap he says, is pronounced in both boys and is filled with phantasies, delusions and mental hobgoblins.

Loeb's blood pressure is low, his basal metabolism is low, his endocrine glands are diseased, he is biologically immature, he is somewhat anemic, and there is pronounced instability in his nervous system.

"All of which," Dr. Hulbert concluded, "forces me to the conclusion he is mentally diseased."

Crowe is preparing to pour verbal hydrochloric acid on the testimony of the psychiatrists—all of them, scientists employed by the state surround him and make pencilled notes of what the doctors on the other side say.

When the time comes, probably next week, the state's attorney is going to rise and verbally strip this case of all its double barreled and triple barreled words, and demand that "Dicky" and "Babe" go to the gallows as would any other young men convicted of first degree murder, who did not have the wealth to employ a squad of scientists to explain to the court their glands, their metabolism and their childish phantasies.

Chicago, Aug. 9.—Dr. Robert Bruce Armstrong, family physician of the millionaire Loeb family, testified for the defense at the hearing of Nathan Leopold and Richard Loeb for the murder of Robert Franks.

The doctor testified that Loeb displayed nervous symptoms, which led him to believe he was slightly "abnormal."

Leonard Lowey, University of Michigan graduate and fraternity brother of Loeb, told of seeing Loeb faint on two occasions. Loeb he said trothed at the mouth and became rigid. Lowey went over the ground covered by other fraternity brothers, testifying that Loeb was nervous and rather childish. The opinion was based more on the youth of Loeb than anything else, Lowey said. The state's attorney drew from the witness an admission that when Loeb trothed at the mouth he was intoxicated and that young Loeb was censured by his fraternity for repeated drunkenness.

Other students testified that Loeb gave pronounced symptoms of nervousness. Judge John R. Caverly's bundle of suggestion letters today was considerably smaller than those received on preceding days. Reading one from an address nearly 1,500 miles away, which urged him to bring the youths swiftly to justice, Judge Caverly said:

"This hearing has been conducted second to the swiftest of any in the history of the criminal court of Cook county. Some people seem to think I should hear the boys in the afternoon, render my decision at night and have them hanged next day. It is my duty to hear evidence in mitigation and I shall give all time necessary to hear all such evidence. It is mandatory upon me to do so. Thousands of these letters, all writers of which are in contempt of court, will not influence me."

The trial will cost the prosecution and defense a total near \$300,000, it was estimated by court officials. The fact that the judicial hearing to determine the slayers' punishment is without a jury has saved the county and the boys' families an equal sum, according to the figures.

A summary of the expenses incurred by the prosecution so far, including salaries of state's attorneys, judges, officers, stenographers and experts, totals \$70,000, and before the hearing is over additional expenses will bring the total near \$300,000. At present the defense cost is estimated at \$215,000, and this will be increased if the verdict of Judge Caverly should be one from which the defense would appeal.

LABOR CHARGES THUGS ARE USED TO EVICT COAL MINERS

Gompers Instructed By Federation to Appeal to Governor Morgan of West Virginia Against The Evictions.

Atlantic City, N. J., Aug. 9.—Charges that gunmen and armed thugs in the employ of coal corporations have broken down civil government in West Virginia, were made today by the American Federation of Labor. The federation's executive council, meeting here adopted a resolution calling upon Governor Morgan of West Virginia to take immediate steps to prevent "eviction of miners and their families from their humble homes by private gunmen employed by coal corporations."

The council instructed Samuel Saad Zaghoul Pasha Is Recovering.

Above is shown an exclusive photograph of Saad Zaghoul Pasha, Nationalist Prime Minister of Egypt, who is recuperating in a hospital at Neutours. An attempt was made recently to assassinate him in Cairo while he was preparing to leave for London. He is now well on the road to recovery.

MILLIONS SPENT FOR FIREWORKS

Washington, Aug. 9.—According to the federal census bureau, the American people burned up \$4,961,237 in 1923 in fireworks. Small boys and girls and their mothers and fathers, sisters and brothers must have their fun on the Fourth of July and in the south along about Christmas time, with the result that 37 factories are kept busy manufacturing fireworks. Incidentally the fireworks industry is growing slowly, because total sales in 1923 were only \$250,000 more than in 1921.

The fireworks industry furnishes employment to 1,363 persons on an annual payroll of \$1,444,535. Raw materials and supplies used to make crackers, Roman candles, skyrockets, torpedoes, shells and sparklers cost \$1,825,893.

FIVE MAKE REPLY TO QUESTIONNAIRE

Columbus, Aug. 9.—Supporters of Homer Durand, "modification" candidate for the Republican nomination for governor, say he may refuse to declare that he will support the other gubernatorial candidates on the Republican ticket, especially James A. White, in answer to a questionnaire sent out by Republican state headquarters here. Durand, J. F. Burke of Elyria and Harry Clay Smith, colored editor of Cleveland, have not yet answered the questionnaire.

Harry L. Davis, former governor; White, Joseph B. Selber of Akron, John L. Cable and George B. Harris have answered the questionnaire by stating that they will support whoever is nominated.

Durand's intentions are made doubtful by the fact that he or his representatives have taken a bitter stand against White and the proponents of that section of the prohibition law which gives the governor power to remove officials who are alleged not to enforce to the full extent the legislation against liquor.

Eight Bodies Recovered.

Columbus, Aug. 9.—The bodies of eight victims of the dancing pavilion collapse at Buckeye Lake have been recovered. Four women are reported missing. They were attending the picnic of the state lodge of colored Elks, as were the eight who lost their lives.

Pleads Guilty to Assault.

Cincinnati, Aug. 9.—Joseph Brady, arrested at his home in Hamilton, O., on the complaint of two girl hikers, whom he is said to have attempted to attack when they accepted a ride with him, pleaded guilty to charges of assault and battery.

OHIO DEMOCRATS POSTPONE STATE CONVENTION WEEK

Columbus, Aug. 9.—The Ohio Democratic convention, scheduled for Aug. 19 and 20, has been postponed to Aug. 26.

It was announced the postponement was made in order to permit the attendance of John W. Davis, Democratic nominee for president. Governor Donahay and W. W. Durbin, chairman of the state executive committee, joined recently in urging the attendance of Mr. Davis. A telegram was received Friday from George White, former national committee man, saying the national standard bearer had planned to attend the state fair and asking that the convention be postponed one week. White was informed his suggestion would be heeded.

Davis will be notified officially of his nomination Monday at his home at Clarksburg, W. Va. The Ohio convention will be one of his first public appearances following the notification and it is expected he will sound here the keynote of the campaign. The convention originally was scheduled for two days, but the hasty postponement has upset plans of the Democratic state central committee and the meeting probably will not last more than one day. The tentative plan now is to have the central committee meet Aug. 26.

Little difficulty is anticipated by leaders in framing the platform. They are said to be agreed practically on a general outline of the platform and that it meets with the hearty approval of Governor Donahay. The Klan question is not likely to bob up. Former Governor Campbell may be selected as chairman of the convention. Fred J. Heer of Columbus, chairman of the Democratic state central committee, and John A. O'Dwyer, Toledo leader, have refused to make the race for chairman of the state executive committee and Durbin in all likelihood will be re-elected.

Labor Conditions Improving.

Columbus, Aug. 9.—Otto W. Brach, labor statistician, in his July report to Herman R. Witter, industrial relations director, noted slight improvement in labor conditions in Ohio. Nearly 4,000 fewer persons sought work during July than in June and placements were but 1,541 fewer. Jobs were found for 12,702 persons in July as compared with 14,243 in June, and those asking for work in July totaled 53,696, against 57,513 in the month previous.

Hay Yield Big.

Columbus, Aug. 9.—Ohio's hay yield per acre for this year is 26 per cent above that of 1923, the survey made by C. J. West, state-federal agricultural statistician, shows. The average yield of timothy hay in Ohio for this year will be about one and one-half tons per acre or better. Less than half a crop of apples is indicated by present conditions. Pear and grape crops have suffered during the past month.

BUICK APPEARANCE PLEASING FEATURE OF NEWEST MODELS

In buying a car the appearance has also been considered, for Buick fully realizes that a motorist likes to buy a car that is pleasing in appearance and that will cause him to be looked up to by the people in his community and establish him as the possessor of good judgment in the selection of motor cars.

An automobile, however, cannot be judged solely by appearances, for a car possessing good appearance, but constructed on a chassis of incorrect mechanical design, can only result in disappointment from the standpoint of performance.

The extremely pleasing appearance and refinement of Buick cars might lead one who is not posted to believe that they are cars of much higher price than they are, and perhaps beyond his means. This might be true if during the past twenty years Buick had not developed a manufacturing plant along lines of efficiency and economy that makes it possible to build such a wonderful car as the Buick, to sell at such a reasonable price as it does.

Concentration year after year on one principle of engine design and construction has also played its part in making possible such a car as the Buick.

The Buick, like any other product built and developed along practical lines, has been well known in the minds of the public as a product that can be relied upon, and the Buick Motor Company has become known as a solid and substantial organization that does not resort to undependable or uncertain features merely as sales get-terms.

Sales the Buick Company is after, of course, but Buick fully realizes, as said before, that sales cannot be constantly increased year after year if features are incorporated in its product that will not prove practical over a long period of time in the hands of the driver. The adoption of some feature just to be different is not advisable and prospective purchasers should not be blindfolded by novel ideas to the extent that they overlook the type of construction of the product in its entirety. Time-tried features have made Buick famous for years.

A house may look well on the outside, and it may be fitted with a new-fangled doorbell, for instance, or some other contrivance that would make a good talking point if a prospective purchaser focused his attention upon it. But if later the purchaser finds that the plumbing is poor, and that the furnace is not capable of satisfactorily warming the house he is likely to be very bitterly disappointed.

On the other hand another house, looking fully as well from the exterior, but minus the new-fangled doorbell, with an up-to-date plumbing system, and a heating system capable of keeping the occupants warm in cold weather, would be a most practical and desirable purchase and a source of satisfaction to the owner.

In an automobile the engine, the clutch, transmission, axles, brakes, and all other units must be correct for the car is to be expected to render one hundred per cent satisfactory service to its owner and to cost him a minimum amount for upkeep.

In the Buick car there will be found incorporated every feature that is necessary for the comfort and convenience of both driver and passengers. But no features are incorporated at any time that are unnecessary or impractical.

It is because the average motorist understands these things and considers the product in its entirety that so many of them buy and drive Buick cars.

No truer statement was ever made than that in the Buick creed:

"Buick reputation, so pre-eminently firm and fair, was not won by chance, but it is due to the policy established with the production of the first Buick car and so consistently adhered to ever since—that of giving the owner the maximum of service for the minimum of cost."

ZIMMERMAN

A very large number of persons attended the funeral of Mr. Isaac Kable at Mt. Zion Church and cemetery. The services were in charge of Rev. E. W. Moya and Dr. Christman, of Dayton. Pallbearers were nephews: Forest Shoap, Ed Stafford, (Clair) Lafong, Ben Merick, Chas. Kable and Herbert Stafford.

Mr. Kable was one of the most highly esteemed residents of the neighborhood, an earnest, conscientious Christian, an active member of Mt. Zion church, where he had held the offices of deacon and elder for many years, being an elder at the time of his death. He had been confined to his bed five weeks, and died from a complication of diseases. His wife was formerly Miss Sarah Lafong, who survives him; also two daughters, Mrs. Hower Cosler, and Miss Etta Marie, and one son Oscar, the two last named being at home, and two grand-children. Other relatives in Greene County, are, nieces Mrs. Dan Jones and Mrs. Smith, of Xenia; Misses Katie, Emma Merick and Mrs. William Coy, and a nephew Joe Merick.

Another sad affair was the sudden passing away of Mr. William Davis, who died of acute indigestion after a very short illness at his home west of Zimmerman. His wife was Miss Laura Engle, who survives; also one child. Mr. Davis had recently completed a new residence on the Engle Farm and had lived in it only a short time.

Margaretta DeBord spent several days with her aunt, Mrs. Russell Huston. Mrs. Charlotte Lenz was a recent Sunday dinner guest of Mr. and Mrs. Henry Stewart. Mr. and Mrs. George Greene were callers in the afternoon. Miss Frances O'Hara visited Miss Mary Coy several days.

Mrs. Fred Sparrow and sons, Lewis and Paul, were guests of her sister, Mrs. Arthur Stewart, and family.

Ed Rock, wife and children spent a recent Sunday with relatives in Springfield. Mrs. Rock's parents, Mr. and Mrs. Woolery, of Osborn, accompanied them on this visit.

Glenna Rock spent a week with Mrs. Elmer Wetzel, at Bellbrook. Mr. and Mrs. Henry Stewart and

R. D. WILLIAMSON IS STRONG CANDIDATE FOR REPRESENTATIVE IN STATE LEGISLATURE

R. D. Williamson, candidate for Representative in the State Legislature, has a long record of successful service to his county to his credit, having served for twelve years as County Commissioner.

During that period he became familiar with every phase of the county's needs and if elected will go to the State law making body with an unusual knowledge of the conditions in every part of the county which he will represent. Mr. Williamson has not only served in an official capacity in the county but was for several years a member of the State Board of Agriculture. He was appointed to this position by Governor Willis in 1915 and was retained by Governor Cox, having the distinction of being the only Republican member retained on the board during the Democratic administration. During the world war Williamson was appointed Chairman of the Greene County Selective Draft task to which he gave untiring and unprejudiced service.

Mr. Williamson has been for a number of years a member of the Ohio State Fair Board and has had a large share in the development of the success of the State Fair.

While his able handling of public affairs has made him widely known throughout the State it is in the conduct of his own business that Mr. Williamson has made a name for himself throughout the country. As a breeder of pure bred Merino sheep he has an international reputation. His father, Jonathon D. Williamson started the breeding of the sheep that have become recognized as the finest of the kind in the country. In scores of shows local, State and National and International the Williamson flock has carried off thousands of dollars in prizes and has won the highest honors that have been conferred at the meets. As a boy Mr. Williamson became associated with his father in the business and it was after his father had relinquished the management of the

Scharrer and son in Dayton view. Mrs. Scharrer (Orie Mae Stewart) and young son are doing nicely. Mrs. Durnell is staying with them.

Frank Barren, wife and daughters were guests of relatives at Troy. Miss Lizzie Haverstick and brother George and niece, Miss Dot Koogler, left Saturday on a motor trip to Niagara Falls.

Mr. and Mrs. Homer Koogler spent Saturday night and Sunday with Harry Brudenour and family and attended the Hissong reunion Sunday. Fifty two persons were present.

EAST END NEWS

Miss Ella Saxon of Rye, New York, is the guest of Mr. and Mrs. Allen Howard, East Church Street. Miss Rosalie Greenway of East Market Street is confined to her bed with rheumatism.

Mr. J. S. Berry of Winchester, Ky. is the week end guest of his niece Mrs. J. E. McDonald, East Church Street.

Mrs. H. P. Miller of Dayton Ohio is the guest for a few days of her sister, Mrs. J. F. McDonald.

Mrs. Alice Simon of Columbus was the Sunday guest of Mr. and Mrs. Orange Ellison, Jamestown, Pike.

Miss Mamie Joe Jenkins of Columbus was the guest of Wynema and Wilber Ellis of Jamestown Pike.

THIRD BAPTIST CHURCH

Rev. A. M. Howe, Pastor. Sunday School at 9:30 a. m. Preaching service at 10:45 a. m. Theme of sermon "Dwelling in the Secret Places of the Most High." At 12 o'clock communion services. B. Y. P. U. at 6:30 p. m. Group No. 4 will have charge of the program. 7:30 p. m. evening services. Theme of sermon "The Wages of Sin."

Drowns in River. Marietta, O., Aug. 8.—Frank L. Campbell, 35, superintendent of mails here, was drowned while swimming in the Muskingum river.

ODD FELLOWS SAY 10,000 TO ATTEND PICNIC AUGUST 16

Odd Fellows of Montgomery and adjoining counties expect Saturday, August 16, to be one of the greatest days in the history of the organization in this vicinity. The occasion will be the county-wide picnic of the order at Forest Park, north of Dayton on the Covington Pike.

Nineteen lodges in Montgomery County are sponsoring the event which will be the first of its kind since the year preceding the flood. The outing will be in the nature of a basket picnic.

There are tables and benches to accommodate to 10,000 persons and parking space for as many automobiles. Fifty-two acres of shade trees, assure visitors protection from the hot rays of the sun. A large children's playground with complete equipment adds much to the inviting aspects of the park.

One of the features of the outing will be the visit of the children from the Odd Fellow's Home at Springfield. With their band they will be taken to the park for the day and the general committee of the Odd Fellows' lodges have arranged with the management of the park for their special entertainment.

Members of Odd Fellows' lodges in counties adjoining Montgomery county are invited. State grand lodge officials have also been asked to attend and several have signified their intentions of being present. It is believed that more than 10,000 persons will be at the picnic. Games and other amusements have been arranged for the day.

Forest Park can be reached by D. C. & P. traction cars from the center of Dayton. White Line cars run within a few blocks of the gate and free buses will carry passengers from the terminus to the entrance. The Covington Pike is the continuance of North Main Street.

POLICE COURT

FINED FOR SPEEDING

Warren Bales, 19, Jasper Pike, was fined \$5 and costs in Police Court Friday morning on a charge of speeding.

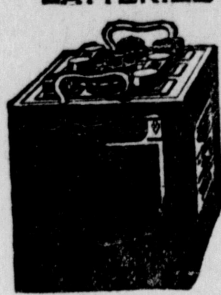

REAR LIGHT CASE

C. A. Bowers, of Dayton, was fined

ing, when he pleaded guilty. He was arrested Thursday evening by Patrolman Jones.

on a charge of driving an automobile without a tail light. He was arrested the same evening by Patrolman Eustinger, and pleaded guilty to the charge.

FRIENDS ARRANGE BIRTHDAY SURPRISE

Crowd of girls from the "Rainbow Classes" of the Friends Church and their teacher, Mrs. Oscar Swigart, arranged a surprise party on Miss Dorothy Crawford, on her return home from the fair, Thursday evening. The occasion marked her twelfth birthday.

Refreshments of ice cream, cake and lemonade were served. Dorothy received many nice presents. Later in the evening the girls were taken up town to enjoy the band concert.

SECOND U. P. Y. W. M. S. TO PICNIC

The Young Woman's Missionary Society of the Second U. P. Church will hold a picnic at the home of the McCalls sisters, Tuesday August 12. Machines will be provided if the members will meet at the church at four o'clock, fast time. One machine will wait for those who work if they will be at the church as soon after 5:30 o'clock as possible.

CELEBRATE ANNIVERSARY WITH SURPRISE PARTY

Relatives and friends from Xenia, Columbus, Dayton and Springfield, attended the surprise party arranged in honor of Mr. and Mrs. Jacob Hyman's twenty-fifth wedding anniversary at their home on North Galloway Street, Friday evening.

A delightful time was enjoyed by the guests. Refreshments were served on the lawn.

Mr. and Mrs. G. B. Copeland and son Robert, and daughter Ruth, are leaving Sunday to spend a few days with Mrs. Copeland's brothers and sister, near Peebles, Locust Grove and Hillsboro.

STINKING SMUT IS MENACE TO WHEAT IN OHIO THIS YEAR

Stinking smut, a disease that makes wheat worthless and unpleasant in odor, has joined the Hessian fly in fighting the wheat grower in Ohio more than ordinarily this year.

The disease is especially prevalent in the western part of the state, a partial survey by Dr. W. G. Stover, extension plant pathologist at Ohio State University, indicates.

"The area in which this serious disease was found," reports Dr. Stover, "extends from Pelee County on the south to Putnam County on the north. Smut was also found in Ross and Pike Counties. Losses of 8 to 12 percent of the crop were frequent, and in a part of one field about 50 percent of the heads were smutted and so made worthless."

"The Goetz variety of wheat is especially susceptible to smut. Every field of this variety inspected had a high percentage of smut except where the seed had been treated. The Trumbull variety, which was developed a few years ago at the Ohio Experiment Station and has been distributed over the State by the Ohio Agricultural Extension Service, was nearly always found to be free of smut. But even Trumbull is somewhat susceptible, and care should be taken to keep the seed clean."

"The simplest way to eliminate stinking smut," Dr. Stover says, "is to secure clean seed of some good variety, such as Trumbull, after consulting the county extension agent. Smutted seed may also be treated by the sprinkling formaldehyde treatment. The copper carbonate dust method of treating seed is still in the experimental stage in Ohio."

SOIL SPECIAL OFF

Ohio's first traveling soils laboratory, equipped to test soil free of charge and to return to the farmer a reasonably accurate diagnosis of what ails that soil, is now under way over the lines of the Erie Railroad through northeastern Ohio.

Thursday, with half-day stops at West Salem and Creston, the six soils specialists from the Ohio State University and the Erie Railroad were running the soil samples through at the rate of one every four or five minutes. If they average that speed for all the 21 stops, according to Firman E. Bear, head of the soils department at the Ohio State University, by the end of the trip on August 15 they will have tested and diagnosed soil samples for more than a thousand farmers.

Each man's soil, as it is brought to the car, will be tested for its acidity and lime requirement, for available phosphoric acid, for organic matter, and for total nitrogen. When these tests have been completed and the results tabulated on the sheet carried by the farmer, a soils diagnostician will provide on the basis of the tests a suggested lime and fertilizer treatment.

If you are against "Boss" control of politics, vote like this:

FOR STATE SENATOR

X A. C. Messenger

There's a Stranger in Town!
Unknown!
The business that isn't advertised!

Mr. and Mrs. Alfred Reynolds of Ellensburg, Wash., are visiting Dr. and Mrs. A. L. Reynolds of North King Street. They motored 3000 miles in making the trip.

Mr. C. A. Weaver, of West Market Street, was called to Fremont, Ohio, by news of the illness of his son, Charles Ellis Weaver, who with his mother has been visiting Mrs. Weaver's parents, Mr. and Mrs. William Baker, at Fremont. The boy was taken ill Tuesday and removed to the Fremont Hospital. His condition was reported to be serious.

Mr. and Mrs. O. W. Everhart, Chestnut Street, have as their guests Mrs. Everhart's brother-in-law and sister, Mr. and Mrs. Glen Prall, of Lawrenceburg, Ind.

Mr. and Mrs. E. R. Richards, of South Detroit Street, have had as their guests the past week, Mr. and Mrs. Alvin Hyer of Washington, D. C., and Mr. and Mrs. W. S. Rowe, of Washington C. H.

Mrs. R. C. West of West Main Street, left Saturday morning for Boston where she will attend the National G. A. R. and W. R. C. Encampment and visit points of interest in the East.

Mr. and Mrs. W. J. Oglesbee, Mrs. Raymond Wolf and two children; Miss Stella Bishop and Mrs. Elizabeth M. Whittington, attended the Miami Valley Chautauqua at Franklin, O., Friday. Mrs. Wolf sang a solo accompanied by Miss Bishop, as a part of the program.

Mr. C. H. Van Tress, prominent farmer, was taken suddenly ill at the Fairgrounds, Wednesday and taken to the McClellan Hospital, this city, where he underwent an operation for appendicitis. He is recovering nicely.

Mr. and Mrs. Elmer Burdy and family, of Dayton, are spending the week end with Mr. and Mrs. John McDonald at the McDonald camp, west of town.

Dr. and Mrs. A. B. Kester have returned home from their eastern trip. Dr. Kester will be in his office Monday for appointments.

FOR TREASURER A Ballot Marked

X J. S. Van Eaton

Is a vote for Economy, Service, Integrity, clean business.

A farmer who will "make good." Republican Primary, Tuesday, Aug. 12.

To the Voters of Greene Co.

As a candidate for County Commissioner at the Republican Primary election, August 12, 1924, we have not found it possible to meet all the voters of the county personally and as we have never held a county office except one unexpired term, by appointment for one year on the Greene Co. School Board; we therefore kindly ask you, with whom we are not acquainted to investigate our qualifications for this office and if you are convinced that we are not qualified please do not allow friendship or relationship of any kind to induce you to support us but on the other hand if you find that we merit your support we will appreciate any favors shown us.

Signed

Bert Beam

The Political Yoke== Get Out From Under

For years Greene County has been under "boss control," dominated first by one group of factional politicians, and then by another, while the "machine" ground out its candidates, stamped, labeled, and ready for delivery to office, after the formality of election.

But like all abuses the limit is reached sooner or later, and with it comes the general repudiation of "controlled" candidates. The pendulum, after a long swing in the direction of factional control, is returning along a new pathway—a pathway the people are marking out, and one far stronger than the control held by a handful of self-seeking politicians.

The tide of public feeling is turning away from the "machine," as is demonstrated in the reception given to the candidacy of Dr. A. C. Messenger, local physician for the office of state senator. Dr. Messenger without organization support, free of domination by any political group, or faction; "unbossed," a candidate of the people, is appealing successfully to the great mass of voters, as the candidate who will best serve their interests in the state senate this winter.

Now is the time to select the best man for this important position, one who will serve the interests of the public, and not be hampered by domination of a political gang. The fact that a man is backed by a faction is just cause for careful investigation of the merits of that candidate, and when, for the first time in the history of Greene County, a political "boss" is himself seeking office, then a careful study of the situation should be the aim of every voter.

If you are against factional control, if you want to check machine-made candidacies, if you want to cast off the yoke of "bossism," then cast your vote next Tuesday for Dr. A. C. Messenger, a candidate of the people, who is unhampered by political factions and is free from domination.

MODISH MITZI—Mitzi Buys Clothes To Wear Aboard Yacht. By Jay V. Jay

They are going off on a short cruise, Bill and the Goofer, and of course, all spend some time shopping for them wanting a few extra things.

Eleanor feels that she could do it. Mitzi on and of course they'll be of buying and come out laden with at of the seven-eighths length. et. Polly wears a simple white

uise, Mitzi, Polly and Eleanor with Lad and Aunt Sofia. Though they these summer days, a cruise finds Besides, Mitzi has wanted to go in with what she has but Polly is egg enter Ye Olde Shoppe with no idea parcels. Mitzi wears a creosote co Eleanor has a sleeveless blazer jack sweater.

Things just seemed to be made for them. Eleanor purchased a white sweater with colored border around the neck, sleeves and bottom. Polly acquired an Iceland sweater in gay stripes of all colors, of the rainbow. And Mitzi has a sport dress of Iceland wool knitted in a lace design. It has so many practical features that she feels it is cheap at any price. It won't wrinkle. It will be warm. It won't come out of pleat. The money saved from the elimination of pressing bills would pay for the frock alone, Mitzi argues. She'll convince Dad that it is so, too.

CAESARCREEK

Caesarcreek Grange was winner of the first premium in the annual Grange contest at the County Fair, which was decided Thursday. The first premium was \$125. It was awarded upon a total of seventy-eight winning points made by the Grange.

Second premium of \$100 went to Kenia Grange for sixty-seven and three-fourth points; third place was won by Beavercreek Grange which was awarded \$80 premium; Charity Grange on the Dayton Pike, was given fourth place and awarded a premium of \$60; Jamestown Grange won fifth place, a prize of \$45. The awards were given by the

Greene County Agricultural Society for the best general display of agriculture and horticultural products. The contest was in charge of J. C. Short, F. M. Burrell and Joseph H. Smith.

Date For Hearing Set.

Columbus, Aug. 8.—The state public utilities commission set Sept. 21 as the date for hearing the application of the Delaware Water company for an order fixing the rates for the disposal of water in the city of Delaware. The water company made its application for a rate schedule to the commission after the city failed to pass a new rate ordinance upon the expiration of the old contract schedule on May 1, 1924.

Judge J. Carl Marshall

—FOR—

Prosecuting Attorney

To The Voters of Greene County:

Since it has been impossible for me to see many of you I take this opportunity of directing your attention to my candidacy for Prosecuting Attorney.

My admission to the bar in 1913 and my experience on the bench I believe qualify me for the Prosecutorship.

As Judge of the Juvenile and Probate Courts I have given my best service and trust my administration has been satisfactory.

If nominated and elected Prosecuting Attorney I pledge an earnest and conscientious endeavor to administer properly the duties of the office.

I hope to enlist your aid and respectfully solicit your support.

J. CARL MARSHALL.

TEXAS COTTON BEATS 1923 BY 300,000 BALES

There is every evidence that this will be the most prosperous year in the history of Texas. It is the general belief that on the 15,600,000 acres planted to cotton this year there will be a production of about 4,650,000 bales, some 300,000 bales in excess of last year's crop. If the middling price of cotton remains around 25 cents as predicted, cotton fiber will bring around \$580,000,000 and cotton seed should return \$70,000,000 which would mean about \$650,000,000 for lint and seed.

A significant feature in connection with this year's cotton crop in Texas is that the Board of City Development at Amarillo estimates that the Northern Panhandle, together with one county in New Mexico and two in Oklahoma adjoining the Panhandle on the north, will produce 200,000 bales. This marks an advance of cotton into territory hitherto believed unsuited to the crop.

Members of the Texas Farm Bureau Cotton Association will receive an initial advance of \$70 a bale on all shipments of new cotton, some of which is now moving. The first advance would total about \$28,000,000 on the estimated receipts of the association this year of 400,000 bales. The receipts of the association last year were 187,327 bales, but since that time the membership has doubled.

HABIT

Almost everyone has some habit which he would do well to avoid. A habit of this character is quite certain to prove displeasing and make people avoid us. Thus our indulgence in the habit which we have acquired reacts against us, lessens the number of our friends, and often prevents social and business opportunities from opening their doors to us.

When we come right down to it, a disagreeable habit which can be overcome is nothing more nor less than selfishness. It is as if we said, "I'll do as I please, and you can make the best of it!" Many disagreeable habits persist until they endanger happiness and home harmony. A case comes to mind.

A woman who is excellent in many ways, and who is possessed of a great many virtues, has had one habit which has been very annoying to her family, and in her old age actually prevented her having a comfortable home offered her by well-to-do relatives.

This lady has always been fond of reading, and this entertainment has been a great education and recreation for her. More than this, she has had a desire that others should share with her the specially fine thoughts or valuable arguments which she comes across in her reading. From even her young womanhood she has permitted herself to burst out and read aloud fugitive passages which pleased her. It really made no difference at any time whom she was interrupting or how much she disturbed others about her.

Her children were accustomed to study their lessons in the family living room. Often in cold weather this was the only warm place, and it was disturbing to them, to say the least, to have their concentration broken into again and again by excerpts from readings which meant nothing to them.

WEED CUTTING TIME

There is a time for everything—now is the time to cut weeds. Cutting of weeds along the highways is properly an item of maintenance and should be regarded as an important part of the care of roads. According to present law, it is the duty of road and street officials to see that weeds and brush are cut at two periods in the year, namely, between the 1st and 20th of June and between the 1st and 20th of August; and if necessary between the 1st and 20th of September.

Because of the manifest indifference on the part of rural as well as urban officials in many sections with respect to this subject, it "will be necessary" to cut weeds in September. During the June period the law was ignored all too generally, and judging by the past it will likewise be disregarded during the August period—hence there will be plenty of cutting to do in September.

EVERY PARENT INTERESTED

Two young desperadoes are on trial in Chicago for a desperate crime. Some wise man Judge Rutherford of the Pastor Russell organization, or Archbishop Curley of Baltimore, or President Butler of Columbia University says: "You can not make men moral by law. You can not legislate morality into them." But you can lay your hands on such degenerates and put them where they will take no more lives. The court is not chargeable with the reformation of those criminals. It is responsible for the protection of those whom those criminals might still murder, and for the restraint of those who might be led to imitate these criminals. Law is meant to set justice in operation. It is not necessarily for the reformation of criminals.

JUST FOLKS

Edgar A. Guest

SWALLOWS

Beneath the cliff where stands our shack
The summer swallows dwell;
And every coat on every back
Fits its possessor well;
Day in and out on wire or tree,
When they have come to rest,
Those feathered gentlemen I see
In evening raiment dressed.

No foolish rule need they obey
Which governs time or place;
They wear their dress clothes night
and day,
And with consummate grace;
The broadcloth of their garb I note,
Is something ultra fine
And not a wrinkle mars the coat,
As is with mine.

I sit and watch them proudly strut
Like stylish wedding guests,
And vow no common tailor cut
Those perfect coats and vests;
With grace and style in every line
And ease past words to tell,
I wish that swallow-tail of mine
Would fit me half so well.

These feathered gentlemen show me
How dress clothes should be worn,
From all self-consciousness they're
free
They're to the manner born;
In such a garb I feel absurd,
A much-embarassed male,
I think it really takes a bird
To wear a swallow-tail.

FOR CLASSIFIED ADS

WHO PAYS FOR WAR?

1904-Twenty Years Ago-1924

There promises to be a lively scramble for the office of county commissioner as some fifteen or twenty persons have signified their willingness to take up the burden of the position.

A Pan-Middle yard engine with a cut of cars attached, got tangled up in some telephone and electric wires in the western part of the city Wednesday night.

The annual reunion of the 154th regiment, which was largely composed of Greene County boys, was held at Lucas Grove on Thursday.

Mr. Charles Phillips, the night watchman, left on Thursday morning for Washington, C. H., where he will attend the Fayette County fair.

MAKING OUR OWN SOAP

TOMORROW'S MENU

Coffee	Toasted
Poached Eggs	Fricassee Fowl
Cereal	Parsley Potatoes
	String Beans
	Corn Salad
Coffee	Ice Cream
	Supper
Corned Beef Hash	Nut-Raisin Sandwiches
Iced Cocoa	Celery
Cake	

Every thrifty housewife keeps her beef suet, mutton tallow and pork fat for soap. Chop it coarsely and "try it out" (that is melt it) either in a tin in your oven, or else in the top of your double boiler over rapidly boiling water. Strain it through cheesecloth laid in a wire strainer, then add to the strainer fat twice its bulk of water and one tablespoon of salt and let boil for five minutes. Let stand till cold, and remove the solid cake of fat floating on the surface. Wipe this, dry, and store it till ready to use it. (This method may be used also for purifying fat and drippings to be used for cooking.)

If grease and scraps become tainted before they can be tried out for soapmaking, put them into a pot with three times their bulk of water and add permanganate of potash (a poison) in the proportion of one teaspoon of potash to six pounds of fat. Dissolve the permanganate of potash crystals in a little boiling water, mix well with the fat and boil till the fat is well tried out. Then strain through cheesecloth and cool. Remember, fat prepared in this way with permanganate must be used for soap-grease only, never for cooking purposes.

To make Laundry Soap: Dissolve one pound of lye in three pints of cold water and set aside to cool (for the action of the lye in dissolving makes the solution hot). Now melt five and one-half pounds of tallow cut fat and stir in two tablespoons of borax. When the fat is cool out not solid, and when the lye solution is cool, add the lye to the fat very slowly, stirring as you do so, and continue to stir steadily till the mixture is as thick as honey. It is now ready to be poured into shallow wooden or heavy cardboard boxes which you have previously lined with waxed or oiled paper, then set away in a cool place to harden.

To Make Toilet Soap: Dissolve one can of lye in two and one-half pints of cold water. Have ready five pounds of clarified mutton tallow barely melted. When the lye is cold again, after being dissolved, add it slowly to the melted fat, stirring constantly. Also add four ounces of glycerine, one-half ounce of oil of lavender or any other perfume preferred, and two tablespoons of

powered borax. Stir steadily till the mixture is as thick as honey and continue as above directed for laundry soap.

NEW BURLINGTON

Mr. and Mrs. Perry Guthrie and baby of Dayton and Mrs. Charles McKinney of near Bellbrook were guests Sunday of the latter son, Mr. and Mrs. Fred McKinney and family, south of town.

Mrs. Virgo Mitchener and Miss Helen Hill attended the Young Friends' Conference at Richmond, Indiana, last week.

Ruth Vickers of Dayton who is visiting at the home of her uncle and aunt, Mr. and Mrs. Roy Harvey fell from an apple tree a few days ago breaking both bones of her right arm near the wrist. An X-ray picture was taken and the bones set at the Kelly Hale Hospital at Wilmington.

Miss Katherine Holland entertained her cousin, Miss Martha Reeves of Richmond, Indiana, at her home west of town, Wednesday.

Mrs. Christy Vickers and children of Dayton spent several days this week with relatives here.

Mr. and Mrs. Everitt Haworth of Dayton were guests Sunday of her sister and family, Mr. and Mrs. Stanley Stephens and children.

Miss Katherine Swonger of Wilmington is the guest of Mr. and Mrs. Stanley Stephens and family.

Friends here received word of the death of Percy McFarland of Grape Grove Wednesday a former resident of this place.

Work has begun on clearing the creek bed as a preventive of high water.

The M. E. Sabbath School will picnic Wednesday of next week at Ketter Woods near Lumberton.

Railroad Killed.

Lorain, O., Aug. 8.—Ralph Logan, 31, of Amherst, was killed here when he was caught between the locomotive he was handling and the tender.

Shot and Robbed.

Cleveland, Aug. 8.—Carl Mahoney, a paving contractor, was shot through the right elbow and robbed of \$350 by a bandit, who escaped with two companions.

Overcome With Cramps.

New Philadelphia, O., Aug. 8.—Tony Paolati, 18, sophomore in the high school, was drowned in the Tuscarawas river when overcome with cramps.

Sunstroke Responsible.

Akron, O., Aug. 8.—Physicians testified at the coroner's inquest that a sunstroke suffered by Lieutenant Harold A. Kullberg, famous American "ace," while flying 2,000 feet in the air, was responsible for the crash which resulted in the death of the pilot and Henry Dunker, a student flyer, near Hudson. Kullberg was unconscious when he struck the ground, physicians testified.

MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

WHAT IS MONEY?

IT IS A COMMODITY THAT SERVES AS A MEDIUM OF EXCHANGE
IT SERVES AS A STANDARD OF VALUE

What is Money?

Money is a commodity, the invention and use of which has existed since prehistoric times for convenience in exchange. The two main functions of money are (1) to serve as a medium of exchange; (2) to serve as the standard or common denominator of value.

Anything which will fulfill those two requirements may be used for money. Due to modern conditions the field has narrowed so that money must be something which has a high specific value.

A further limitation to money has crept into the modern world due to international trade. This limitation is—the money of all civilized countries must in some degree, correspond in order that there may be an exchange of money so values may be correctly determined.

BELLBROOK

Mrs. John Weaver entertained the W. C. A. of this place at her home last Friday afternoon. About twenty five ladies were present.

Mr. Chenoweth, of Lebanon, who has been visiting his daughter, Mrs. Ella Sidenstricker, for the past week has returned home.

Mrs. Andrew Belt, of Belmont, was visiting relatives here last week.

Mrs. Mary C. Kolker is spending a few days with relatives in Cincinnati.

Mrs. E. Allison and son Carl, of Dayton, visited J. D. Harness and family last Friday.

Mr. Frank Lammie, north of town, is on the sick list.

Mrs. R. Purdon and family are entertaining this week, Mrs. Linda Shepherd and two granddaughters of Dayton.

Funeral services for Charles Davis, whose death occurred last Saturday from dropsy, were held at the home of his nephew, John Davis, east of town, Monday afternoon. Burial was made at this place.

John Webb, formerly of this place, died at the home of his son, Charles Webb, in Indianapolis, last Saturday. Burial was made at this place.

SPRING VALLEY

The name of Miss LaVerna of Spring Valley is among the hundred submitted to G. R. Lewis, State Fair manager, in the State Fair Queen popularity contest.

The contest will close August 20 and the winner will be sent to Columbus at no expense to herself and will be accorded unusual honors.

Much interest in the contest is being evidenced in every section of the state.

Today's Talks

I consider golf one of the finest games in existence. In the first place it takes you out into the open rolling fields, valleys, hills, and around patches of towering trees that seem to look down upon you as you play.

Then there is the clean air and sunshine. But, best of all, the delightful companion.

Golf brings out character in a better way than almost any game I know of. Play golf with a man or woman if you want to find them out.

If you play straight you get into no trouble. That's the way it is in

life. If you get into trouble, keep a cool head and play out carefully and keep your nerve. Never lose your temper. That's the way to do when you get into trouble in life.

And remember this: the oftener you get into trouble and play out courageously the better player you finally become.

Never blame your clubs or your tools. I have a pair of clubs given me by my fine friend Eddie Guest. They were selected by our mutual friend Donald Ross who was one of the finest sports and gentlemen I have ever known. But fine as the clubs are, and much as they mean to me, I play no better with them because of what they are.

Clubs and tools are merely clubs and tools. Perfection in golf comes only through long and tedious practice and through using your head.

But the game will make any man a better man if he will let it. It will better his health, clear his brain, steady his nerve and train his temper. The last is a great accomplishment and well worth the entire cost of the game.

Every city and community should invest in a golf course for the benefit of its people.

Expense becomes an investment just the minute that it makes better men and women.

New Outbreak in Nicaragua.

Washington, Aug. 8.—The state department received a dispatch from Minister Franklin E. Morales at Tegucigalpa, the Honduran capital, which said that General Ferrera, minister of war under the provisional government, left the capital Aug. 6 with 500 men, each soldier carrying three extra rifles. The force was bound presumably for Comayagua, the message said, adding: "The country is again at civil war and termination of hostilities can not be expected for some time."

French to Consider Evacuation.

Paris, Aug. 9.—A conference of high government officials will be held here Sunday regarding the final stand the French government should take at the London conference on the military evacuation of the Ruhr and the maintenance of the Franco-Belgian railroad men in the Rhine-land system. The Germans do not conceal their determination of accepting no settlement not putting an end to the presence of French and Belgian troops in the Ruhr.

ATTORNEY

Frank H. Dean

CANDIDATE FOR

Prosecuting Attorney

Mr. Dean was born on a farm in Greene County, in what is known as the Dean Neighborhood in New Jasper Township. His education was obtained at the Anderson School in that township, in the Xenia High School, and in Monmouth College, at Monmouth, Illinois, from which institution he was graduated in June, 1892.

During two years he taught in this county, one in a district school of Xenia Township, and one in Cedarville College, the first years of its existence. Engaging in the study of law, and after one year in the Cincinnati Law School, he was admitted to the bar of Ohio in 1897, and has ever since continued in the practice of law in Xenia.

As a lawyer, Mr. Dean has pursued a general line, giving his attention to all classes of cases. His record as a lawyer is a good one. Whether in adjustment and settlement of his clients business or in a trial of the same in court, his endeavor has always been, through painstaking and careful preparation, to do conduct and present all matters that a just and satisfactory justice may be secured.

Always an interested student of all questions pertaining to political science, Mr. Dean has found in the profession of law, as it presents applied and concrete examples of that science, the simplest and most obvious answers to some of the most discussed problems raised by the political publicist. To him the questions of efficiency of a Republican form of government takes the form, Shall the law be enforced?

Thus he holds that the political question of profoundest import in this country is one of Law Enforcement. In one aspect this is nation-wide, in another it is special and limited to the numerous and several counties of the land. A rigid, sincere and unfailing law enforcement will answer the most doubtful doubts or all clamorous platitudes disparaging the law of the land and its administration.

Since admission to the bar, Mr. Dean has lived and is known to the citizens and he and his wife are rearing their family of two children in our midst. Whatever he may have to advance in favor of his candidacy for prosecuting attorney, he yet knows, that as he has lived and is known to the citizens of the community, so he must find favor with them as a candidate. To their fair and candid judgment only does he present his request for the preferment which he seeks.

The issue he confidently leaves with them, to be decided on Tuesday next. The result he will cheerfully abide.

REMARKABLE RECOVERY OF MRS. SPINK

Gives Lydia E. Pinkham's Vegetable Compound Full Credit

Minn. June, Wis.—"I was under treatment, but nothing seemed to help me, and I was run-down and so weak that I had to remain in bed much of the time and was like an invalid. I had pains in my abdomen and in the female organs, and my stomach bothered me. My husband saw Lydia E. Pinkham's Vegetable Compound advertised, thought it must be good, and brought it home to me and advised me to try it. After taking one bottle I was able to eat, and after six bottles I was doing my own work, which I hadn't been able to do for years. I have a new baby who is doing nicely, and I am still taking the Vegetable Compound and feeling better than I have for four years. The medicine is surely wonderful and a good thing to have in the house."—Mrs. GEORGE SPINK, Minnesota Junction, Wisconsin.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 98 per cent. benefited. For sale by druggists everywhere.

MEMBERS OF BOYS' AND GIRLS CLUBS WIN PRIZES IN LIVESTOCK, CLOTHING, FOOD SHOWS

Members of the Greene County Boys and Girls Clubs, winners of handsome prizes awarded after the judging of their exhibits at the Greene County Fair this week. Besides a grand prize for a trip to Boys and Girls Club Week, at Columbus with all expenses paid, large cash prizes were distributed to the winners in the Clothing, Food, Pig, Jersey Calf, Poultry and Baby Beef Clubs.

Ralph Shanks of Bowersville won first prize in the Junior Yearling Class and the championship prize with his shorthorn steer exhibited in the Boys and Girls Steer Club, the "baby beef" contest at the fair Thursday. He was awarded \$15.

Young Shanks was a prize winner in the steer calf club last year which was the first year club work in that class undertaken in this county.

John Cooper, of near Xenia, won second prize, \$12.00 with his Hereford exhibit. Third prize was won by Harold Armentrout of the Upper Bellbrook place with an Angus calf. He was awarded \$8.00. Herbert Mallow of the Upper Bellbrook place, won the fourth prize money, \$8 with an Angus calf.

Other entrants, Arliff Smoth, Shorthorn; Benjamin Cooper, Hereford; Grace Delph, Shorthorn and Robert Jacobs, Shorthorn, were all awarded \$6. To the first four winners, local merchants donated prizes. Ralph Shanks was given a \$10 sweater by the Criterion; John Cooper, merchandise gift from Babb's hardware store; Harold Armentrout, merchandise from the Huston and Herbert Mallow, gift from the Katz and Richards Clothing Store.

In the Senior Calf Class B, of the same contest, Paul McClellan of near Xenia, won first prize with a Hereford calf. Mary Cuttice of the Clarks Run Neighborhood was second with an Angus calf; Cornelius Grinnell of Miami Township won third prize with a Hereford and the fourth prize went to Frank Armentrout of the Upper Bellbrook place, who exhibited an Angus steer.

Paul McClellan was given a pair of \$5 shoes by the Frazer Shoe Co., Mary Cuttice, merchandise from the S. and S. Shoe Store; Cornelius Grinnell, merchandise by the McDorman and Humphrey Company and Frank Armentrout, merchandise by the Greene Co. Hardware Company.

Other contestants were Lee Ferguson, Hereford; Philip Fay, Hereford; Thomas Cuttice, Angus; Carl Ferguson, Hereford; Edward Jacobs, Shorthorn; Earl Smith, Denver Bobmitt; James Stinson, Shorthorn; Junior Brown, Angus; Orville Bobbitt, Shorthorn and Bert Kable, Hereford, who were given \$6 apiece.

The Shorthorn exhibited by Earl Smith, showed the best gain of any calf exhibited, 93 per cent, and the owner was given a merchandise award by the Kennedy Shoe Co.

The twenty-three calves were auctioned off after the show. Col. Glen Weikert of Springfield, acting as auctioneer. The highest price, \$125 for a hundred pounds, was paid for the champion steer. The calves brought an average of \$11.50 a hundred. Four were bid in by Buck and Son; four by Cloisey Anderson and five by Fisher Brothers of Xenia. Becker Brothers of Springfield bought five. One was sold to O. E. Kelly and will go to Whitehall Farm at Yellow Springs. Another was sold to F. B. Turnbull of Cedarville for his farm, Cedar Hill.

The Dairy Calf Club exhibited eleven Jersey and Guernsey calves in its show at the fair, Thursday. This is the first year work of that club.

Harold Huston, of Yellow Springs, was the winner of the sweepstakes prize, a trip to Columbus, during the Boys and Girls Club week, with all expenses paid. The Jersey Calf Club show was divided into three classes: Miss Janet Mellinger, Yellow Springs, won first prize in the Yearling Jersey Show. She is sixteen years old and a daughter of Charles Mellinger who lives near Yellow Springs. She was awarded \$15.

Joseph Finney, 11, of near Cedarville won second prize money of \$12.50. Donald Engle, 11, of near Cedarville, won third prize, \$10 and Heber Keach of Jamestown, won fourth prize, \$9.

In the Jersey Calf show, Claud Van Tress, son of C. H. Van Tress, of R. 5, won first prize, Malcolm Finney, Cedarville, second; Marion Hess, of Xenia, third; John Finney, Cedarville, fourth. Harold Huston won a prize of \$15 in the Guernsey Calf show. In addition to the prizes of \$15, \$12, \$10 and \$9 the American Jersey Cattle Club gave each Jersey Exhibitor a prize of \$3.

Miss Frances Anderson of Cedarville Township, was first prize winner in the First Year Clothing exhibit. Miss Hazel Griffith won second; Miss Florence Stafford, third; Miss Maryetta Shoup, fourth. All other winners were awarded \$1.

Miss Ella Louise Denison was first prize winner in the Advance Clothing Club show. Miss Edna Swindler won second; Miss Mabel Bigler, third; Miss Ruth Stewart, fourth and Miss Katherine Conklin, fifth.

In the First Year Food Club exhibit, Miss Ruth Ferguson won first prize; Miss Hazel Griffith won second; Miss Daisy Burba, third; Miss Freda Burnett, fourth and Miss Margaret Stubbs fifth.

Miss Emma Mellinger won first prize in the Advance Food Club show. Miss Helen Louise Stevens won second; Miss Florence Stafford, third; Miss Ruth Wardlaw, fourth and Miss Josephine Auld, fifth.

The Pig Club winners were Ben Pierce, Everett Gregg, Harold Pierce, Harvey Heironimus and Kenneth Stubbs. The Advance Pig Club winners were Earl Michael, Donald Engle, Stanley Chitty, Walter Finney and Joseph Finney.

In the Poultry Show, Miss Louise Hutchison won first prize; Miss Lucille Stroupe, second; Miss Grace Delph, third; Horace Harner, fourth and Roger Rogers, fifth. The Advance club show winners were Miss Helen Finney, Miss Antz Printz, Miss Elean, or Finney, Charles Kyle and Elbert Manor.

In the Demonstration Team con-

REACH CINCINNATI

A party of Xenia boys in charge of R. H. Kingsbury, on a canoe trip down the Miami and Ohio Rivers to Madison, Ind., was entertained at dinner Thursday at Camp Edgar Friedlander, Boy Scout camp near Milford where 150 Cincinnati Boy Scouts are camping. The camp includes seventy-five acres of woods and grounds. Friday the party arrived at Cincinnati and camp along the Ohio.

JOSEPHSON HEARD BY GRAND JURY

Columbus, Aug. 9.—County Prosecutor King today refused to divulge the testimony of Attorney Louis W. Josephson, charged with embezzling \$22,000 from the Industrial Engraving Company, of which he formerly was an officer, when he appeared before the county grand jury, waiving immunity.

While it was considered unusual for a man in Josephson's position to voluntarily submit to grand jury questioning, Prosecutor King said after the attorney had testified that "our weeks of labor on the case was justified by results obtained by the grand jury."

Among those to appear before the grand jury was George A. Horn, Dayton, who is said to have stated he invested \$11,000 in the endowment company after receiving assurance from a former member of the state blue sky department that the company was sound financially.

FRIENDS SAY JAMES A. WHITE WILL BE NEXT REPUBLICAN CANDIDATE FOR OHIO GOVERNOR

JAMES A. WHITE

Columbus, Aug. 9.—Developments marking the progress of the primary campaign of the past few weeks, permits his friends to say, with some degree of finality, that James A. White will be the Republican nominee for Governor of Ohio," says Hugh Huntington, chairman of the White-Hunt-Governor committee, in a statement issued from headquarters here.

"From the very inception of the campaign," said Mr. Huntington, "the Republican electorate of Ohio has recognized the fact that it was to be a case of the field against White. Now, even the most seasoned of the party's practical politicians are awakening to a realization of the fact that it is a case of White against the field.

"The confidence of the prediction that Mr. White will be the Republican nominee for governor, is based not only upon the enthusiastic pledges of support that have come to him during the course of his initial speaking tour but also upon the hundreds of messages that have come from every city and village in the state to his headquarters in the Roylands Building, bearing assurances of loyalty and good will which strikingly demonstrate the truth of the oft-repeated political statement that 'Jim White has a stronger personal following than any other man in Ohio.'

"That some stabilizing influence is needed in the Republican politics of Ohio is generally conceded and the steady drift of political sentiment to-

ward the White candidacy, which will be ever more strongly accentuated within the next week, is clearly indicative of the fact that Jim White is being more and more recognized as the needed anchor of stability at a time when men and women of party faith are becoming deeply imbued with the idea that Republican Ohio can be safely governed by Republicans.

AUTO CAMP IS NOW READY FOR CAMPERS

Xenia's free camping site, which has been closed to tourists during fair week, may again be used for this purpose, it was announced Saturday by Dillver Belden, secretary of the Greene County Automobile Club.

Work of beautifying and repairing the grounds will start next week it is said, and signs will be erected the first of the week relative to the new camping site.

The tourist camp will be open for an indefinite length of time, and was only closed for the week preceding and during the County Fair.

Work on the new high school building at the O. S. and S. O. Home, which will include a gymnasium and swimming pool, was commenced Thursday of this week.

Mr. Steger, construction engineer from the State Architect's office, was in Xenia, staking out the building and getting the work started. McCurran Brothers of this city are the general contractors for the work and will begin construction Monday. Their bid calls for about \$100,000.

McCurran Brothers also have contracts for the erection of buildings at Wilberforce University, in the C. N. and I. Department, including a laundry and home economics building. These structures were also located by Mr. Seiger while here and work on them will be started at once, according to McCurran Brothers.

Judge Charles H. Kyle of this city, is making a strong campaign for the Republican nomination for Judge of the Court of Appeals in the second district composed of Greene, Champaign, Clarke, Darke, Fayette, Franklin, Madison, Miami, Montgomery, Preble and Shelby Counties.

His nomination and election would give Greene County its first representative on this bench since the late Judge C. C. Shearer served more than 20 years ago. Many years on the Common Pleas Court bench here have qualified the local jurist for the position he is seeking.

During that time Judge Kyle received many assignments from Chief Justice Hugh Nichols to sit in important cases that testified to his ability. In addition to his record on the local bench, Judge Kyle was for six months a member of the Ohio Board of Clemency, until the law creating that board was abolished, since which time he has been practicing law here with his son, James Kyle.

These structures were also located by Mr. Seiger while here and work on them will be started at once, according to McCurran Brothers.

Judge Charles H. Kyle of this city, is making a strong campaign for the Republican nomination for Judge of the Court of Appeals in the second district composed of Greene, Champaign, Clarke, Darke, Fayette, Franklin, Madison, Miami, Montgomery, Preble and Shelby Counties.

His nomination and election would give Greene County its first representative on this bench since the late Judge C. C. Shearer served more than 20 years ago. Many years on the Common Pleas Court bench here have qualified the local jurist for the position he is seeking.

During that time Judge Kyle received many assignments from Chief Justice Hugh Nichols to sit in important cases that testified to his ability. In addition to his record on the local bench, Judge Kyle was for six months a member of the Ohio Board of Clemency, until the law creating that board was abolished, since which time he has been practicing law here with his son, James Kyle.

Work on the new high school building at the O. S. and S. O. Home, which will include a gymnasium and swimming pool, was commenced Thursday of this week.

Mr. Steger, construction engineer from the State Architect's office, was in Xenia, staking out the building and getting the work started. McCurran Brothers of this city are the general contractors for the work and will begin construction Monday. Their bid calls for about \$100,000.

McCurran Brothers also have contracts for the erection of buildings at Wilberforce University, in the C. N. and I. Department, including a laundry and home economics building. These structures were also located by Mr. Seiger while here and work on them will be started at once, according to McCurran Brothers.

MURIEL ASTOR BECOMES PRINCESS.

Alice Muriel Astor, daughter of the late Colonel John Jacob Astor of New York, and Lady Ribblesdale, of London, has been married, in three ceremonies, to Prince Obolensky, son of an old Russian family of nobility. She is shown with her husband outside the Russian Church at Buckingham Palace, London, after the first ceremony.

WEAR GAS MASKS AGAINST ROBBERS.

Railway mail clerks running out of Milwaukee, Wis., are shown wearing regulation U. S. Army gas masks, which are now a stipulated part of their equipment. The issue of the masks follows the sensational \$2,000,000 railway registered mail robbery near Roundout, Ill., where the bandits used gas bombs to overcome the resistance of the mail clerks.

BOY RAISES RADISH ALMOST AS BIG AS HIMSELF.

"Sonny" Frelsheim, a Washington, D. C., youngster, is shown with a giant radish he grew in a little patch of ground adjoining his home. It measures four feet nine inches, from end to end, and weighs two pounds.

MAY CLEAR MILLION ON \$2,500 INVESTMENT

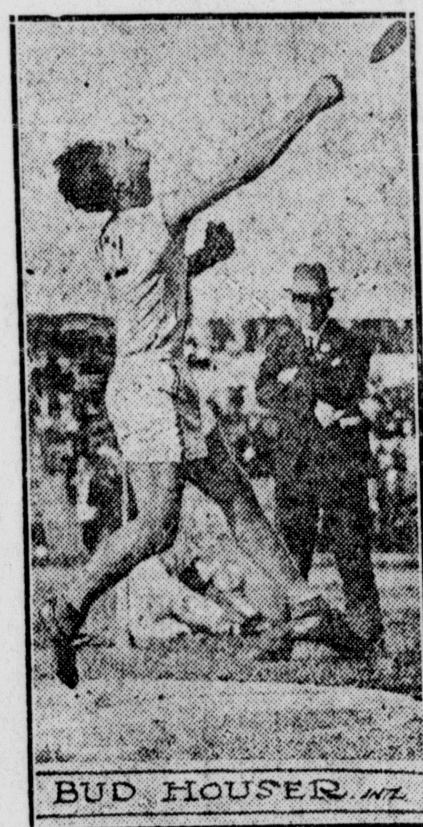

Charles H. Greenhaus, a youthful New York broker, shown here with his attorney, Bernard H. Sandler, will clear a profit of \$1,000,000 on an investment of \$2,500 if the courts vacate an injunction brought against him. The youthful financial manipulator bought options, at a large discount of 7 per cent, secured gold bonds, which he offered, dollar for dollar, to stockholders of Middle States Oil Company for their holdings. His profits will come from the discounts he received.

CURING ROOM FOR CHEESE.

This is the curing room in the Dairy Bureau of the Agricultural Department in Washington, where 300 big Swiss cheeses are being cured for experimental purposes. It takes from four to five months to cure one of these big fellows; that is, it takes that long for the bacteria to form the holes, etc.

Bud Houser Set New Prohibition Candidate for Discus Record.

BUD HOUSER. INTL.

H. P. FARIS. INTL.

Bud Houser, of California, member of the American team, is shown winning the discus throw in the Olympic games in Paris, when he set a new Olympic record with a toss of 44.155 meters.

BRITISH 'ROUND THE WORLD FLIER IN JAPAN

MACLAREN REACHES JAPAN. INTL.

This is the first picture to reach the United States of the arrival of Major J. Stuart MacLaren, the British 'round-the-world flier, as he was welcomed at the Kasumigaura Aviation Field, north of Tokio, by Japanese officials upon his arrival in Japan from China. After leaving Japan Major MacLaren was missing for three days, but was found, alive and well, having been temporarily forced down in a desolate Pacific island.

HEIRESS IN UNITED STATES TO STUDY.

SENORITA THERESA ARGUELLO. INTL.

Senorita Theresa Arguella, South American beauty, heiress to \$3,000,000 and much sought after by the youth of Nicaragua, has arrived in San Francisco to complete her studies. Her home is in the quaint little port of Granada.

MEN WHO FIGURE IN NEWS OF THE DAY.

Above: JAMES A. FLAHERTY & GEORGE HARVEY
Below: CYRUS E. WOODS & JOHN H. HAMMOND, JR.

Cyrus E. Woods, American Ambassador to Japan, has resigned. He was opposed to the Japanese exclusion act passed by Congress. John Hays Hammond, Jr., son of the noted engineer, has exhibited in Rome a secret radio device, which sends several messages at one time and which can be picked up only by stations knowing their combination of wave lengths. James A. Flaherty, Supreme Knight of the Knights of Columbus, will receive from the Pope the first medal struck off in commemoration of the outstanding achievement of the year 1923 in the Pontiff's reign. For the first time in history this medal is dedicated to an American lay organization, the Knights, for their charity work in Rome. George Harvey, former American Ambassador to London, has been appointed editor of Edward B. McLean's Washington Post.

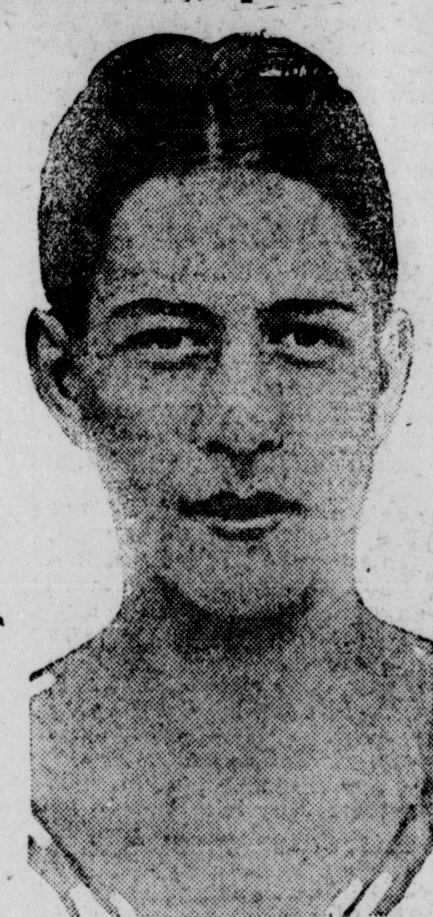

ALTER CURBS FOR HER WHEEL CHAIR.

HILDA LIMA. INTL.

For five years little Hilda Lima, now 10, daughter of an Evanston, Ill., carpenter, has been imprisoned in her wheel chair by infantile paralysis. Daily she has stirred the pity of Evanston folk as she strained her emaciated wrists and back to urge her wheel chair over the high curbs between her home and the Lakewood School. So the Evanston Board of Aldermen have lowered all the curbstones over which she must pass to assist her weary body.

Minneapolis Boy Is Yale Crew Captain.

ALFRED M. WILSON.

Alfred M. Wilson, of Minneapolis, Minn., has been elected captain of the 1925 Yale University crew. He succeeds J. S. Rockefeller, of Greenwich, Conn. Wilson rowed No. 3 in Yale's "wonder crews" of 1923-24, which won the Olympic race. He graduated in 1925.

Negro Heads Hospital for Negro Vets.

DR. J. H. HART. INTL.

Dr. Joseph H. Hart, of Indianapolis, Ind., has been appointed medical officer in charge of the U. S. hospital for negro veterans located at Tuskegee, Ala. The entire staff will be composed of negroes. During the World War Dr. Hart attained the highest rank of any negro officer in the Medical Reserve Corps.

Persians Must Aton for Imbrie Death.

MAJOR & MRS. ROBERT IMBRIE.

The United States will demand apology and indemnity from Persia for the death of Major Robert W. Imbrie, of Washington, American Vice-Consul to Teheran, who was beaten to death when he photographed a holy sepulcher. Major Imbrie was recently married to Miss Katherine Gillespie, of New Rochelle, N. Y., who was a director of the Near East Relief Orphanage in Constantinople.

COURT ORDER HALTS EFFORT TO CUT OFF GAS AT BROOKVILLE

The temporary injunction issued in Common Pleas Court, of Dayton, some time ago, restraining the Logan Gas and Fuel Company from cutting off the supply of gas from the village of Brookville, will remain in full force until the application to the supreme court by the company to abandon its service has been decided upon.

This decision was given by Judge E. T. Snediker, in Common Pleas Court, Dayton, Friday, who said that the "supply ought not to be cut off pending the decision of the supreme court as irreparable damage would result to the citizens if the service was abandoned immediately."

The decision, although handed down as a result of a fight instituted by the village of Brookville, affected other towns including, Eaton, Greenville, West Alexandria, Lewisburg, Fairfield, Yellow Springs, New Weston and New Paris.

A temporary restraining order was also issued in the local Common Pleas Court recently against the gas company restraining it from stopping the gas service in Osborn and Yellow Springs.

The aforesaid villages contracted with the Jantha Light Company eleven years ago for their gas supply, and the Jantha Company in turn obtained the gas from the Logan Company. The contract was made for ten years.

In 1919 the Jantha Company was allowed an increase in rates, and in 1920 a petition from the company to abandon service because of lack of supplies was dismissed by the Public Utilities Commission.

The gas company took the matter to the supreme court and the matter is still pending there. Recently the villages filed suit for the injunction in Common Pleas Court.

AUTHORIZE ANOTHER CITY MAIL CARRIER: T. F. KIELY IS NAMED

After a long, hard effort, covering several months, Postmaster H. E. Rice Saturday received notice that Xenia, in recognition of the increase in postal business, has been granted an additional city carrier, effective August 11.

This increase brings the number of city carriers up to eight, plus two auxiliary carriers.

Thomas F. Kiely, senior substitute carrier, has, pursuant to regulations, been named to the new position at a salary of \$1,800 per annum.

The seventh carrier was authorized Sept. 1, 1916. The postal receipts for that year were \$28,104.27.

The postal receipts for 1923 were \$43,476.99, an increase of 54 per cent.

The adding of one more carrier to the force will necessitate a redistribution of the city to the end that quicker and better service may be given over the entire city.

According to present plans a business district will be laid out and in this district three prompt deliveries will be made daily. Deliveries in residential districts also will be speeded up to whatever extent may be possible with an augmented force.

HERE AND THERE

C. P. Baker, seaman, was killed, and R. W. Cheney, aviation pilot, was seriously injured, when an airplane in which they were flying crashed to the ground at San Diego, Cal.

Retail cost of food in 14 cities has increased 1 to 3 per cent, the federal department of labor announced after a survey.

Tipple of the Whitman mine of the Clarksburg Big Vein Coal company, near Clarksburg, W. Va., was wrecked by two explosions. The mine has been operating on a nonunion basis.

A debt of \$25,000, mentioned in a letter found beside the body of Robert G. Leconte, noted surgeon of Philadelphia, is believed by detectives to have been the motive for his suicide.

New Cops on Force.

Canton, O., Aug. 9.—Eight new officers were added to the Canton police force by Chief of Police S. A. Leong to fill the vacancies caused by the suspension two days ago of a sergeant and eight patrolmen, as a result of testimony given during the recent trial and conviction on a bribery charge of E. E. Curtis, former safety director.

BRINGING UP FATHER

LOVE - OR FAME?

By
VIOLET DARE

AUTHOR OF "THE HALF-TIME WIFE"

WHO'S WHO AND WHAT'S HAPPENED.

DOROTHY LANE goes to New York to visit a friend and try to break into the movies. She soon gets started, and through the friendship of

LAWRENCE FRENCH, a young publicity man, gets an engagement with

JOHN SEWARD, "the great lover of the screen," who falls in love with her and asks her to marry him. However, she cares more for French, but is not sure that he cares for her. She has an unfortunate experience with

BECKHORN, one of the big producers, and decides to go back home and give up her career, when French sets her a part in a picture being made in the country by

CARL BANNING. French follows her to the country and proposes to her. Banning persuades them not to be married at once, and French goes back to New York.

The star of the production, **CRYSTAL MAY**, does all that she can to make things unpleasant for Dorothy. Crystal refuses to do a dangerous leap, and Banning gives that scene to Dorothy. Dorothy realizes that it will mean a great deal to her career if she does it, and goes through with it, though she is much frightened. Later she learns that Crystal has insisted on having that scene cut out.

TODAY'S INSTALLMENT.

LII—A TEMPEST IN A TEAPOT.

CRYSTAL MAY seemed to be in high spirits, and all through supper she'd look over from the little table where she and her mother ate and make fun of me.

"You ought to remember the old saying, 'Look before you leap,' before you try it again, Dorothy," she cooed at me as she left the room at last.

That was just the last straw. But before I could think of any backing you, Crystal. Sweet little ingenuities with curls ought to be discreet."

That set off a perfect storm. Crystal stalked out of the room in a blaze of wrath, and her mother stamped up and down the veranda till Janet and I came out, and then turned on Janet, calling her all sorts of names. She was a perfect old fury. People said she'd been

brought up in a Western mining camp, where her father ran a gambling house, but I don't believe that even that would have accounted for the things she said to Janet.

I just couldn't stand the awful wrangle. After the unhappy day I'd spent I didn't care if Janet Powers and Mrs. May killed each other!

But that fuss they had made, made things more difficult than ever for me. For some reason Mrs. May and Crystal were a little bit afraid of Janet, but of course they knew that I just had to stand for anything they wanted to say. Crystal made Mr. Banning cut my part

I sat on the side lines day after day.

down till there was hardly anything left of it, and as I sat on the side lines day after day, all made up, with the sun making the grass point on my face melt and run, I told myself that I'd been a perfect idiot not to go back to New York and let the old picture go hang.

I'd had a telegram from Larry in answer to mine. It just said: "Sorry—we'll make up for it later—I'll try to see you before I go; too busy to write."

But I hadn't much hope that he'd come. And as the days dragged by, hotter and hotter, and Crystal and her mother got more and more disagreeable to me, life hardly seemed worth living.

Every one said that the stage star with whom Larry was going to the Coast was perfectly wonderful. Men were always falling in love with her, but she was such a charming person, sort of like Ethel Barrymore, that even the women could understand it. And the novelist who was going along was a wonderful person, very witty and awfully interesting. I was convinced that Larry would have such a marvelous time with them that he wouldn't want to come back and settle down with any one as humdrum as I was.

Tomorrow—A Word About Matrimony.

Woman's Slayers Captured.
Washington, Aug. 9.—The murderers of Mrs. Rosalie Evans, widow of a British rancher in Mexico, who was killed Sunday near her property at Pueblo, Mexico, have been apprehended and identified, the Mexican foreign office has informed American Charge d'Affaires Schoenfeld, according to word received at the state department.

Torrid Wave Sweeps East.
New York, Aug. 9.—Torrid weather is reported throughout the eastern states, the thermometer passing the 100 mark in several cities. Deaths and prostrations are reported. New York's millions slept on fire escapes and in the parks while special policemen guarded over them. One man died from heat, three bathers drowned and scores of persons were overcome.

WOMAN FIRES COUNTRY HOME AND THEN HANGS HERSELF WHILE 2 PERISH IN FLAMES

Xenia, O., Aug. 9.—Two inmates of the Richland county home were burned to death today when fire of incendiary origin destroyed the building and the alleged firebug, Mrs. Ellen Kussle, 60, then hanged herself to a willow tree nearby.

The seventy other occupants of the infirmary, aroused by motor tourists, who discovered the fire, escaped.

Those burned to death were: Mrs. Mary Bollinger, 85, an inmate for 25 years; and Mrs. Kate Greisham, age unknown.

According to authorities, Mrs. Kussle harbored a grudge against the county since county commissioners removed her to the home a year ago, taking over her title property. She was reported to have vowed to "get even."

WESTERN CYCLONE CLAIMS NINE VICTIMS IN SECTION

Further Rain and Wind Storms Are Threatened In Wisconsin, Illinois, Iowa and Indiana—Damage Is Great.

Chicago, Aug. 9.—In the face of further rain and windstorms predicted for today, inhabitants of Wisconsin, Illinois, Iowa and Indiana districts that were smitten by cyclonic winds and deluges of rain for the past four days are striving courageously to dig themselves from the debris which blew the sections.

Latest reports filtering in over crippled wires today placed yesterday's and Thursday night's death list at six. This total does not include six or eight deaths due to storms earlier in the week. Property damage in cities and towns in the path of the blow and farm crops will run into the millions.

Early today a storm of terrific intensity, accompanied by hail and destructive lightning cut a swath through central Indiana. Two were killed at Lafayette, two at South Bend and one at Petersburg by lightning bolts. The first two had sought shelter under a steam shovel.

Preceding a deafening aerial explosion, a bolt of lightning curled its way through the mechanism of the great shovel, ripped the mechanism apart and electrocuted the two men.

Eleven others were badly shocked. The two at South Bend were boys seated on a steel plate, fishing. Attracted by the metal, the lightning flared in forklike sheet of flame over the plates surface, killing the boys.

There were many other freaks of the storm. Perhaps the weirdest of these was a lightning bolt which slithered

down through the trunk of a tree, followed the roots and broke up through the pavement to a velocipede being ridden by three year old Lizette Benheim. She was burned to death by the sudden sheet of flame that ensued.

Chicago, Aug. 9.—Two violent storms which swept four northwestern states claimed a toll of at least six lives and damaged property to the extent of \$3,000,000.

One storm swept northward from Tomah, Wis., to Bloomer, Wis. Another storm swept out of central Nebraska and hit Des Moines. While the Nebraska-Iowa storm apparently was the most extensive, few casualties have been reported so far.

Two persons were killed at Black River Falls, Wis., and additional deaths were reported from Bloomer, Osceola and New Auburn, Wis. Mrs. Ray Lytle, wife of a Granger (la.) farmer, was killed when wind moved her home from its foundation.

Six inches of rain fell during a veritable cloudburst at Columbus, Neb. There was heavy hail and wind. This storm swept southwestward and struck Des Moines, deluging the town. The wind unroofed many houses at Des Moines. Heavy hail that accompanied the storm beat crops into the ground and the rain washed out fields, highways and culverts.

The property and crop damage in Wisconsin's storm was estimated from various sources at around \$1,000,000. In Iowa and Nebraska property and crop damage, according to railroad agents in various towns, may reach \$2,000,000.

ROSIE B. JONES DIES AT SISTER'S HOME

Miss Rosie B. Jones, died at the home of her sister, Mrs. Lucretia Gowdy, 703 South Detroit Street, Friday night at 10 o'clock. She had been ill fourteen months.

She was born near Port William and had resided in Xenia for twenty years. Surviving are three sisters, Mrs. Anna Gowdy of this city; Mrs. Maria Moorman of California and Mrs. Anna Jackson of Bowersville and one brother, Edward Jones of Fort Recovery, O.

Private services will be held Monday morning with interment in Port William Cemetery. Friends may call at the home Sunday evening between 3 and 6 o'clock.

SOCIALIST NOMINEE WILL SPEAK HERE

Joseph W. Sharts, Socialist nominee for Governor of Ohio, will speak in front of the Court House, Saturday night at 7:30 o'clock.

Mr. Sharts was born at Hamilton, O., attended the Dayton public schools and graduated from Harvard University in 1897. He was admitted to the Ohio Bar and U. S. Supreme Court Bar. Mr. Sharts has practiced law in Dayton for a long period. He is editor of the Miami Valley Socialist, a weekly published at Dayton and is author of several books listed in "Who's Who." He was counsel for Bishop Brown during the recent church heresy trial.

GIBBONS DEFEATS BRITISH BOTTLER

Wembley Stadium, London, Aug. 9.—Tom Gibbons, American light heavyweight beat Jack Bloomfield of England, winning by a knockout in the third round after having twice floored the husky Briton.

The fight was one sided throughout. Bloomfield never had a chance of victory. Gibbons was never forced to extend himself. In the first and second rounds he reduced Bloomfield to a state of helplessness with right jabs. At first Bloomfield was able to ward them off, but his steam was gone and he countered only with weak lefts which never hurt the St. Paul boy. Bloomfield's legs were wobbling when he came up for the third and final round. He could not hold Gibbons off and when Gibbons hit him on the jaw with a right he crumpled, helpless.

Cosmetics Held Dangerous.

Columbus, Aug. 9.—Dr. Charles J. Shepard of the college of medicine at Ohio State university, declares that cosmetics are dangerous to the skin in many cases. The only beneficial cosmetics, he says, are applied inwardly. "Beefsteak, eggs, plenty of water and the simple life are the best skin foods," he says, "just as the best wrinkle eradicator is the milk of human kindness. The idea that cold creams can act as a skin food is absurd, for the skin has no absorptive function."

PONZI, FREED, FACES NEW TRIAL

AMERICAN FLYERS FRETTER UNDER DELAY CAUSED BY HUGE ICE FIELDS

Aviators Fear They Will Not Be Able to Continue Unbroken Flight—Route Is Selected By Washington Officials.

On Board U. C. Cruiser Richmond, Off Reykjavik, Iceland, Aug. 9.—(By Wire)—America's globe girdling aviators, now engaged in a desperate waiting, began to lose hope today that they would be able to continue an unbroken flight homeward, because of the huge ice fields off the Greenland coast but they are not yet ready to give up.

A definite decision will be taken within the next few days. Within a week or ten days, new ice added to the old would make a flight to the Greenland coast impossible. At a conference of army and navy officials on board the Richmond, it was decided that it would be impractical to try to land in the sea off the Greenland coast, refueling the airplanes from an American cruiser.

Lieutenant Lowell Smith and Lieut.

HERRICK COMING TO AMERICA; DENIES THAT HE WILL QUIT

Paris, Aug. 9.—Myron T. Herrick, American ambassador to France, departed for the United States today on a two month's vacation. Herrick immediately denied a recent report that he contemplated resigning, by saying he expected to return before the two months have elapsed.

Ambassador Herrick will not be in Paris for the allied financial conference in which the United States is keenly interested. It is anticipated that Frank B. Kellogg, the American ambassador to England, will head the American delegation to that party, a post which would belong to Herrick if he were here.

While in the United States, Herrick will make a report to President Coolidge upon European conditions. When Herrick departed on the boat train at 10:25 o'clock he was given a farewell by Sheldon Whitehouse, counselor for the United States embassy and Bentley Mott, the military attaché.

The ambassador was in excellent health. He was tanned and his health apparently was the best. He jokingly refused to discuss the London conference.

"Perhaps I will return sooner than two months," he said, "and complete my vacation in France so I can keep my eye on the work of the new American embassy."

ANGLO-RUSSIAN TREATIES SIGNED

London, Aug. 9.—The Anglo-Russian commercial and general treaties were signed here last night. Prime Minister MacDonald and Arthur Ponsonby, under-secretary for foreign affairs, signed for Great Britain and Ireland, while Adolph Joffe, Christian Rakovsky, Tomsik and Sheinmann signed for the Russian government. The treaty does not contain the name of King George, because the Russians have no titular head of their government. Thus the Russians signed for their government as a whole, and the Britons only for their government with no mention of the sovereign. This raises the question of whether succeeding British governments will be bound by a treaty omitting mention of the king. The king, however, signed the pact.

tenant Erik Nelson, the only two pilots left of the original four that started on the round the world flight from Los Angeles in March, are keenly disappointed. One—it is impossible for obvious reasons to give his name—admitted to the International News Service correspondent that the route of the present flight is impracticable.

Those who arranged the route overlooked the fact that at the present season there are huge ice fields off the Greenland coast. This made it impossible for the airmen to alight at Angmagssalik, the first charted stop place after leaving Iceland.

The flyer who criticized the present route said he believed the most feasible line of flight would have been over the southern route over the Azores. It is generally understood that Lieutenant Smith, commander of the flight, faces one of two alternatives.

1—Either for the Danish steamship Gertrud Rask to open a sea lane for landing off Angmagssalik, or

2—To attempt the almost impossible feat of alighting on the sea and attempting fueling for the long jump to Indian Harbor.

The Gertrud Rask has reported her inability to break into the Angmagssalik Harbor. Officials declared that it would be a hopeless venture to try to refuel and overhaul the planes in the rough waters off the Greenland ice fields.

The airmen have completed approximately three fourths of their epic journey. They have between six thousand and seven thousand miles to go. If they could get to Greenland and Labrador the balance of the trip would be plain sailing.

Washington, Aug. 9.—A 750 mile hop from Iceland to Cape Farewell at the southern tip of Greenland, was looked upon today by air service officials here as the best course to be taken by the American round the world flyers.

Reports from Lieutenant Lowell Smith, commanding the flight, indicate that it will be virtually impossible either to establish a base at Angmagssalik because of the ice or to refuel the airplanes at sea.

Officials here feel that Cape Farewell is easily within cruising distance of Reykjavik, where the flyers are now waiting for the establishment of bases in Greenland.

STATUE OF GENERAL CLARK IS UNVEILED

Springfield, O., Aug. 9.—Nine states were represented at the unveiling of a monument, near here, to Colonel George Rogers Clark, who defeated the Shawnee Indians in a pitched battle Aug. 8, 1780, five miles west of where Springfield now stands. This battle broke the Indian and British power in this section of the Northwest territory.

Dr. Benjamin F. Prince of Wittenberg college and president of the Clark County Historical society presented the monument to the state, and Dr. W. O. Thompson, president of Ohio State university, made the principal address. Three hundred regulars and Ohio national guardsmen paraded the streets before the ceremonies. The Fort Hayes band, Columbus, was also in the parade. Governor Donahay, Adjutant General Frank Henderson and general Omar Bundy, Columbus, commander of the Fifth corps area, attended the unveiling.

LOEB-LEOPOLD DEFENSE STILL DRAGGING OUT

Crowe Expected To Open For State Next Week.

Criminal Court, Chicago, Aug. 9.—Had Nathan F. Leopold, Jr., and Richard A. Loeb never known each other had they gone ahead through life with other friends, it is entirely probable that 14 year old Bobby Franks would still be alive—this interesting psychiatric theory of the "crime of the century" was projected into the trial of the young collegians today by the last of the defense attorneys, Dr. Harold S. Hulbert.

Neither youth, Dr. Hulbert said, had any stomach for crime individually, but each abnormal youth brought to the other the strange association what the other lacked.

Chicago, Aug. 9.—Back in the channels of physiology, psychology and neurology, the defense of Nathan F. Leopold, Jr., and Richard A. Loeb, plugged methodically along today in Judge John R. Caverly's courtroom contending by means of x-ray pictures, blood tests, charts and glandular exhibits that both young slayers are wrong emotionally, inferior physically and diseased mentally.

And being such, the defense contends that Judge Caverly should not sentence them to the gibbet for the sanguinary murder of Bobby Franks, but instead should put them away behind prison bars for the rest of their lives, society will be protected against "any more crimes for a thrill."

There is a wide gap, the latest alienists for the defense, Dr. H. S. Hulbert contends, between those parts of the Loeb-Leopold brains that control intellect on one hand and the emotional judgment on the other. The gap he says, is pronounced in both boys and is filled with phantasies, delusions and mental hobgoblins.

Loeb's blood pressure is low, his basal metabolism is low, his endocrine glands are diseased, he is biologically immature, he is somewhat anaemic, and there is pronounced instability in his nervous system.

"All of which," Dr. Hulbert concluded, "forces me to the conclusion he is mentally diseased."

Crowe is preparing to pour verbal hydrochloric acid on the testimony of the psychiatrists—all of them, scientists employed by the state surround him and make penciled notes of what the doctors on the other side say.

When the time comes, probably next week, the state's attorney is going to rise and verbally strip this case of all its double barreled and triple barreled words, and demand that "Dicky" and "Babe" go to the gallows as would any other young men convicted of first degree murder, who did not have the wealth to employ a squad of scientists to explain to the court their glands, their metabolism and their childish phantasies.

Chicago, Aug. 9.—Dr. Robert Bruce Armstrong, family physician of the millionaire Loeb family, testified for the defense at the hearing of Nathan Leopold and Richard Loeb for the murder of Robert Franks.

The doctor testified that Loeb displayed nervous symptoms, which led him to believe he was slightly "abnormal."

Leonard Lowey, University of Michigan graduate and fraternity brother of Loeb, told of seeing Loeb faint on two occasions. Loeb he said frothed at the mouth and became rigid. Lowey went over the ground covered by other fraternity brothers, testifying that Loeb was nervous and rather childish. The opinion was based more on the youth of Loeb than anything else, Lowey said. The state's attorney drew from the witness an admission that when Loeb frothed at the mouth he was intoxicated and that young Loeb was censured by his fraternity for repeated drunkenness.

Other students testified that Loeb gave pronounced symptoms of nervousness.

Judge John R. Caverly's bundle of suggestion letters today was considerably smaller than those received on preceding days. Reading one from an address nearly 1,500 miles away, which urged him to bring the youths swiftly to justice, Judge Caverly said:

"This hearing has been conducted second to the swiftest of any in the history of the criminal court of Cook county. Some people seem to think I should hear the boys in the afternoon, render my decision at night and have them hanged next day. It is my duty to hear evidence in mitigation and I shall give all time necessary to hear all such evidence. It is mandatory upon me to do so. Thousands of these letters, all writers of which are in contempt of court, will not influence me."

The trial will cost the prosecution and defense a total near \$300,000, it was estimated by court officials. The fact that the judicial hearing to determine the slayers' punishment is without a jury has saved the county and the boys' families an equal sum, according to the figures.

A summary of the expenses incurred by the prosecution so far, including salaries of state's attorneys, judge, officers, alienists and experts, totals \$70,000, and before the hearing is over additional expense will bring the total near \$300,000. At present the defense cost is estimated at \$215,000, and this will be increased if the verdict of Judge Caverly should be one from which the defense would appeal.

LABOR CHARGES THUGS ARE USED TO EVICT COAL MINERS

Gompers Instructed By Federation to Appeal to Governor Morgan of West Virginia Against The Evictions.

Atlantic City, N. J., Aug. 9.—Charges that gunmen and armed thugs in the employ of coal corporations have broken down civil government in West Virginia, were made today by the American Federation of Labor. The federation's executive council, meeting here adopted a resolution calling upon Governor Morgan of West Virginia to take immediate steps to prevent "eviction of miners and their families from their humble homes by private gunmen employed by coal corporations."

The council instructed Samuel

Gompers, federation president, to make formal protest to Governor Morgan.

"These evictions are taking place without due process of law," it continues, "and contrary to the instincts of humanity, the inhuman process of throwing the miners, their families and their household goods out of the houses owned by the coal corporations into the roads and byways is being carried out by gunmen, so-called private detectives, who are in the employ of the West Virginia Coal Companies."

Green's resolution ordered Gompers to communicate with Morgan and demand "that the state government give the miners the protection to which they are entitled, as human beings and citizens of our republic and that the eviction of families by gunmen in the employ of coal corporations shall cease."

The full support of the federation was offered to John L. Lewis, president of the United Mine Workers, in protecting the West Virginia miners. In its ten day session, the council also worked on a reply to William B. Wilson formerly secretary of labor who sent a second letter to Gompers should support Davis instead of Robert LaFollette, the third party candidate in the presidential race.

The reply, it was learned will set forth again that Davis is acceptable to labor and it will further deny Wilson's statement that the Democratic nominee was chiefly instrumental in framing legislation favorable to American workers.

Saad Zaghloul Pasha Is Recovering.

Above is shown an exclusive photograph of Saad Zaghloul Pasha, Nationalist Prime Minister of Egypt, who is recuperating in a hospital at Neutours. An attempt was made recently to assassinate him in Cairo while he was preparing to leave for London. He is now well on the road to recovery.

OHIO DEMOCRATS POSTPONE STATE CONVENTION WEEK

Columbus, Aug. 9.—The Ohio Democratic convention, scheduled for Aug. 19 and 20, has been postponed to Aug. 26.

It was announced the postponement was made in order to permit the attendance of John W. Davis, Democratic nominee for president. Governor Donahay and W. W. Durbin, chairman of the state executive committee, joined recently in urging the attendance of Mr. Davis. A telegram was received Friday from George White, former national committeeman, saying the national standard bearer had planned to attend the state fair and asking that the convention be postponed one week. White was informed his suggestion would be heeded.

Davis will be notified officially of his nomination Monday at his home at Clarksburg, W. Va. The Ohio convention will be one of his first public appearances following the notification and it is expected he will sound here the keynote of the campaign. The convention originally was scheduled for two days, but the hasty postponement has upset plans of the Democratic state central committee and the meeting probably will not last more than one day. The tentative plan now is to have the central committee meet Aug. 26.

Little difficulty is anticipated by leaders in framing the platform. They are said to be agreed practically on a general outline of the platform and that it meets with the hearty approval of Governor Donahay. The Klan question is not likely to bob up. Former Governor Campbell may be selected as chairman of the convention. Fred J. Heer of Columbus, chairman of the Democratic state central committee, and John A. O'Dwyer, Toledo leader, have refused to make the race for chairman of the state executive committee and Durbin in all likelihood will be re-elected.

LABOR CONDITIONS IMPROVING.

Columbus, Aug. 9.—Otto W. Brach, labor statistician, in his July report to Herman R. Witter, industrial relations director, noted slight improvement in labor conditions in Ohio. Nearly 4,000 fewer persons sought work during July than in June and placements were but 1,541 fewer. Jobs were found for 12,702 persons in July as compared with 14,243 in June, and those asking for work in July totaled 83,696, against 57,513 in the month previous.

Hay Yield Big.

Columbus, Aug. 9.—Ohio's hay yield per acre for this year is 26 per cent above that of 1923, the survey made by C. J. West, state-federal agricultural statistician, shows. The average yield of timothy hay in Ohio for this year will be about one and one-half tons per acre or better. Less than half a crop of apples is indicated by present conditions. Pear and grape crops have suffered during the past month.

MILLIONS SPENT FOR FIREWORKS

Washington, Aug. 9.—According to the federal census bureau, the American people burned up \$4,361,237 in 1923 in fireworks. Small boys and girls and their mothers and fathers, sisters and brothers must have their fun on the Fourth of July and in the south along about Christmas time, with the result that 37 factories are kept busy manufacturing fireworks. Incidentally the fireworks industry is growing slowly, because total sales in 1923 were only \$260,000 more than in 1921.

The fireworks industry furnishes employment to 1,363 persons on an annual payroll of \$1,444,535. Raw materials and supplies used to make firecrackers, Roman candles, skyrockets, torpedoes, shells and sparklers cost \$1,525,803.

FIVE MAKE REPLY TO QUESTIONNAIRE

Columbus, Aug. 9.—Supporters of Homer Durand, "modification" candidate for the Republican nomination for governor, say he may refuse to declare that he will support the other gubernatorial candidates on the Republican ticket, especially James A. White, in answer to a questionnaire sent out by Republican state headquarters here. Durand, J. F. Burke of Elyria and Harry Clay Smith, colored editor of Cleveland, have not yet answered the questionnaire.

Harry L. Davis, former governor; White, Joseph B. Selber of Akron, John L. Cable and George B. Harris have answered the questionnaire by stating that they will support whoever is nominated.

Durand's intentions are made doubtful by the fact that he or his representatives have taken a bitter stand against White and the proponents of that section of the prohibition law which gives the governor power to remove officials who are alleged not to enforce to the full extent the legislation against liquor.

Eight Bodies Recovered.

Columbus, Aug. 9.—The bodies of eight victims of the dancing pavilion collapse at Buckeye Lake have been recovered. Four women are reported missing. They were attending the picnic of the state lodge of colored Elks, as were the eight who lost their lives.

Pleads Guilty to Assault.

Cincinnati, Aug. 9.—Joseph Brady, arrested at his home in Hamilton, O., on the complaint of two girl hikers, whom he is said to have attempted to attack when they accepted a ride with him, pleaded guilty to charges of assault and battery.

BUICK APPEARANCE PLEASING FEATURE OF NEWEST MODELS

In buying a car the appearance has also been considered, for Buick fully realizes that a motorist likes to buy a car that is pleasing in appearance and that will cause him to be looked up to by the people in his community and establish him as the possessor of good judgment in the selection of motor cars.

An automobile, however, cannot be judged solely by appearance, for a car possessing good appearance, but constructed on a chassis of incorrect mechanical design, can only result in disappointment from the standpoint of performance.

The extremely pleasing appearance and refinement of Buick cars might lead one who is not posted to believe that they are cars of much higher price than they are, and perhaps because of this. This might be true if during the past twenty years Buick had not developed a manufacturing plant along lines of efficiency and economy that makes it possible to build such a wonderful car as the Buick, to sell at such a reasonable price as it does. Concentration year after year on one principle of engine design and construction has also played its part in making possible such a car as the Buick.

The Buick, like any other product built and developed along practical lines, has been well known in the minds of the public as a product that can be relied upon, and the Buick Motor Company has become known as a solid and substantial organization that does not resort to underhand or uncertain features merely as sales getters.

Sales the Buick Company is after, of course, but Buick fully realizes, as said before, that sales cannot be constantly increased year after year if features are incorporated in its product that will not prove practical over a long period of time in the hands of the driver. The option of some feature just to be different is not advisable and prospective purchasers should not be blindfolded by novel ideas to the extent that they overlook the type of construction of the product in its entirety. Time-tried features have made Buick famous for years.

A house may look well on the outside, and it may be fitted with a new-fangled doorbell, for instance, or some other contrivance that would make a good talking point if a prospective purchaser focused his attention upon it. But if later the purchaser finds that the plumbing is poor, and that the furnace is not capable of satisfactorily warming the house he is likely to be very bitterly disappointed.

On the other hand another house, looking fully as well from the exterior, but minus the new-fangled doorbell, with an up-to-date plumbing system, and a heating system capable of keeping the occupants warm in cold weather, would be a most practical and desirable purchase and a source of satisfaction to the owner.

In an automobile the engine, the clutch, transmission, axles, brakes, and all other units must be correct if the car is to be expected to render one hundred per cent satisfactory service to its owner and to cost him a minimum amount for upkeep.

In the Buick car there will be found incorporated every feature that is necessary for the comfort and convenience of both driver and passengers. But no features are incorporated at any time that are unnecessary or impractical.

It is because the average motorist understands these things and considers the product in its entirety that so many of them buy and drive Buick cars.

No truer statement was ever made than that in the Buick creed: "Buick reputation, so pre-eminently firm and fair, was not won by chance, but it is due to the policy established with the production of the first Buick car and so consistently adhered to ever since—that of giving the owner the maximum of service for the minimum of cost."

ZIMMERMAN

A very large number of persons attended the funeral of Mr. Isaac Kable at Mt. Zion Church and cemetery. The services were in charge of Rev. E. W. Myers and Dr. Christman, of Dayton. Pallbearers were nephews: Forest Shoop, Ed Stafford, (Clair) Lafong, Ben Merwick, Chas. Hauer and Herbert Stafford.

Mr. Kable was one of the most highly esteemed residents of the neighborhood, an earnest, conscientious Christian, an active member of Mt. Zion church, where he had held the offices of deacon and elder for many years, being an elder at the time of his death. He had been confined to his bed five weeks, and died from a complication of diseases. His wife was formerly Miss Sarah Lafong, who survives him; also two daughters, Mrs. Hower, Coleser, and Miss Etta Mayle, and one son Oscar; the two last named being at home, and two grand-children. Other relatives in Greene County, are, nieces Mrs. Dan Jones and Mrs. Smith, of Xenia; Misses Katie, Emma Merwick and Mrs. William Coy, and a nephew Joe Merwick.

Another sad affair was the sudden passing away of Mr. William Davis, who died of acute indigestion after a very short illness at his home west of Zimmerman. His wife was Miss Laura Engle, who survives; also one child. Mr. Davis had recently completed a new residence on the Eagle Farm and had lived in it only a short time.

Margaretta DeBord spent several days with her aunt, Mrs. Russell Huston.

Mrs. Charlotte Lenz was a recent Sunday dinner guest of Mr. and Mrs. Henry Stewart. Mr. and Mrs. George Greene were callers in the afternoon.

Miss Frances O'Hara visited Miss Mary Coy several days.

Mrs. Fred Sparrow and sons, Lewis and Paul, were guests of her sister, Mrs. Arthur Stewart, and family.

Ed Rock, wife and children spent a recent Sunday with relatives in Springfield. Mrs. Rock's parents, Mr. and Mrs. Woolery, of Osborn, accompanied them on this visit.

Glenna Rock spent a week with Mrs. Elmer Wetzel, at Bellbrook. Mr. and Mrs. Henry Stewart and daughters, Thelma and Nadine, spent Friday with Mr. and Mrs. Oscar

R. D. WILLIAMSON IS ST RONG CANDIDATE FOR REPRESENTATIVE IN STATE LEGISLATURE

R. D. Williamson, candidate for Representative in the State Legislature, has a long record of successful service to his county to his credit, having served for twelve years as County Commissioner.

During that period he became familiar with every phase of the county's needs and if elected will go to the State law making body with an unusual knowledge of the conditions in every part of the county which he will represent. Mr. Williamson has not only served in an official capacity in the county but was for several years a member of the State Board of Agriculture. He was appointed to this position by Governor Willis in 1915 and was retained by Governor Cox, having the distinction of being the only Republican member retained on the board during the Democratic administration. During the world war Mr. Williamson was appointed Chairman of the Greene County Selective Draft task to which he gave untiring and unprejudiced service.

Mr. Williamson has been for a number of years a member of the Ohio State Fair Board and has had a large share in the development of the success of the State Fair.

While his able handling of public affairs has made him widely known throughout the State it is in the conduct of his own business that Mr. Williamson has made a name for himself throughout the country. As a breeder of pure bred Merino sheep he has an international reputation. His father, Jonathan D. Williamson started the breeding of the sheep that have become recognized as the finest of the kind in the country. In scores of shows local, State and National and International the Williamson flock has carried off thousands of dollars in prizes and has won the highest honors that have been conferred at the meets. As a boy Mr. Williamson became associated with his father in the business and it was after his father had relinquished the management of the

Scharrer and son in Dayton View. Mrs. Scharrer (Odie Mae Stewart) and young son are doing nicely. Mrs. Durnell is staying with them.

Frank Barren, wife and daughters were guests of relatives at Troy. Miss Lizzie Haverstick and brother George and niece, Miss Dot Koogler, left Saturday on a motor trip to Niagara Falls.

Mr. and Mrs. Homer Koogler spent Saturday night and Sunday with Harry Brudenour and family and attended the Hissong reunion Sunday. Fifty two persons were present.

EAST END NEWS

Miss Ella Saxon of Rye, New York, is the guest of Mr. and Mrs. Allen Howard, East Church Street.

Miss Rosalie Greenway of East Market Street is confined to her bed with rheumatism.

Mr. J. S. Berry of Winchester, Ky. is the week end guest of his niece Mrs. J. E. McDonald, East Church Street.

Mrs. H. P. Miller of Dayton Ohio is the guest for a few days of her sister, Mrs. J. E. McDonald.

Mrs. Alice Simon of Columbus was the Sunday guest of Mr. and Mrs. Orange Ellison, Jamestown, Pike.

Miss Mamie Joe Jenkins of Columbus was the guest of Wynema and Wilber Ellis of Jamestown Pike.

THIRD BAPTIST CHURCH

Rev. A. M. Howe, Pastor.
Sunday School at 9:30 a. m.
Preaching service at 10:45 a. m.
Theme of sermon "Dwelling in the Secret Places of the Most High."
At 12 o'clock communion services.
B. Y. P. U. at 6:30 p. m. Group No. 4 will have charge of the program.
7:30 p. m. evening services. Theme of sermon "The Wages of Sin."

Drowns in River.
Marietta, O., Aug. 8.—Frank L. Campbell, 35, superintendent of mills here, was drowned while swimming in the Muskingum river.

ODD FELLOWS SAY 10,000 TO ATTEND PICNIC AUGUST 16

Odd Fellows of Montgomery and adjoining counties expect Saturday, August 16, to be one of the greatest days in the history of the organization in this vicinity. The occasion will be the county-wide picnic of the order at Forest Park, north of Dayton on the Covington Pike.

Nineteen lodges in Montgomery County are sponsoring the event which will be the first of its kind since the year preceding the flood. The outing will be in the nature of a basket picnic.

There are tables and benches to accommodate to 10,000 persons and parking space for as many automobiles. Fifty-two acres of shade trees, assure visitors protection from the hot rays of the sun. A large children's playground with complete equipment adds much to the inviting aspects of the park.

One of the features of the outing will be the visit of the children from the Odd Fellow's Home at Springfield. With their band they will be taken to the park for the day and the general committee of the Odd Fellows' lodges have arranged with the management of the park for their special entertainment.

Members of Odd Fellows' lodges in counties adjoining Montgomery county are invited. State grand lodge officials have also been asked to attend and several have signified their intentions of being present. It is believed that more than 10,000 persons will be at the picnic. Games and other amusements have been arranged for the day.

Forest Park can be reached by D. C. & P. traction cars from the center of Dayton. White Line cars run within a few blocks of the gate and free buses will carry passengers from the terminus to the entrance. The Covington Pike is the continuance of North Main Street.

POLICE COURT

FINED FOR SPEEDING

Warren Bales, 19, Jasper Pike, was fined \$5 and costs in Police Court Friday morning on a charge of speeding.

FRIENDS ARRANGE BIRTHDAY SURPRISE

Crowd of girls from the "Rainbow Classes" of the Friends Church and their teacher, Mrs. Oscar Swigart, arranged a surprise party on Miss Dorothy Crawford, on her return home from the fair, Thursday evening. The occasion marked her twelfth birthday.

Refreshments of ice cream, cake and lemonade were served. Dorothy received many nice presents. Later in the evening the girls were taken up town to enjoy the band concert.

SECOND U. P. Y. W. M. S. TO PICNIC

The Young Woman's Missionary Society of the Second U. P. Church will hold a picnic at the home of the McCall sisters, Tuesday August 12. Machines will be provided if the members will meet at the church at four o'clock, fast time. One machine will wait for those who work if they will be at the church as soon after 5:30 o'clock as possible.

CELEBRATE ANNIVERSARY WITH SURPRISE PARTY

Relatives and friends from Xenia, Columbus, Dayton and Springfield, attended the surprise party arranged in honor of Mr. and Mrs. Jacob Hyman's twenty-fifth wedding anniversary at their home on North Galloway Street, Friday evening.

A delightful time was enjoyed by the guests. Refreshments were served on the lawn.

Mr. and Mrs. G. B. Copeland and son Robert, and daughter Ruth, are leaving Sunday to spend a few days with Mrs. Copeland's brothers and sister, near Peebles, Locust Grove and Hillsboro.

STINKING SMUT IS MENACE TO WHEAT IN OHIO THIS YEAR

Stinking smut, a disease that makes wheat worthless and unpleasant in odor, has joined the Hessian fly in fighting the wheat grower in Ohio more than ordinarily this year.

The disease is especially prevalent in the western part of the state, a partial survey by Dr. W. G. Stover, extension plant pathologist at Ohio State University, indicates.

"The area in which this serious disease was found," reports Dr. Stover "extends from Preble County on the south to Putnam County on the north. Smut was also found in Ross and Pike Counties. Losses of 8 to 12 percent of the crop were frequent, and in a part of one field about 50 percent of the heads were smutted and so made worthless.

"The Goens variety of wheat is especially susceptible to smut. Every field of this variety inspected had high percentage of smut except when the seed had been treated. The Trumbull variety, which was developed a few years ago at the Ohio Experiment Station and has been distributed over the State by the Ohio Agricultural Extension Service, was nearly always found to be free of smut. But even Trumbull is somewhat susceptible, and care should be taken to keep the seed clean.

"The simplest way to eliminate stinking smut," Dr. Stover says, "is to secure clean seed of some good variety, such as Trumbull, after consulting the county extension agent. Smutted seed may also be treated by the sprinkling formaldehyde treatment. The copper carbonate dust method of treating seed is still in the experimental stage in Ohio.

SOIL SPECIAL OFF

Ohio's first traveling soils laboratory, equipped to test soil free of charge and to return to the farmer a reasonably accurate diagnosis of what ails that soil, is now under way over the lines of the Erie Railroad through northeastern Ohio.

Thursday, with half-day stops at West Salem and Creston, the six soil specialists from the Ohio State University and the Erie Railroad were running the soil samples through at the rate of one every four or five minutes. If they average that speed for all the 21 stops, according to Firman E. Bear, head of the soils department at the Ohio State University, by the end of the trip on August 15 they will have tested and diagnosed soil samples for more than a thousand farmers.

Each man's soil, as it is brought to the car, will be tested for its acidity and lime requirement, for available phosphoric acid, for organic matter, and for total nitrogen. When these tests have been completed and the results tabulated on the sheet carried by the farmer, a soils diagnostician will provide on the basis of the tests a suggested lime and fertilizer treatment.

If you are against "Boss" control of politics, vote like this:

FOR STATE SENATOR

X | A. C. Messenger

There's a Stranger in Town! Unknown! The business that isn't advertised.

Mr. and Mrs. Alfred Reynolds of Ellensburg, Wash., are visiting Dr. and Mrs. A. L. Reynolds of North King Street. They motored 3000 miles in making the trip.

Mr. C. A. Weaver, of West Market Street, was called to Fremont, Ohio, by news of the illness of his son, Charles Ellis Weaver, who with his mother has been visiting Mrs. Weaver's parents, Mr. and Mrs. William Baker, at Fremont. The boy was taken ill Tuesday and removed to the Fremont Hospital. His condition was reported to be serious.

Mr. and Mrs. O. W. Everhart, Chestnut Street, have as their guests Mrs. Everhart's brother-in-law and sister, Mr. and Mrs. Glen Prall, of Lawrenceburg, Ind.

Mr. and Mrs. E. R. Richards, of South Detroit Street, have had as their guests the past week, Mr. and Mrs. Alvin Hyer of Washington, D. C., and Mr. and Mrs. W. S. Rowe, of Washington C. H.

Mrs. R. C. West of West Main Street, left Saturday morning for Boston where she will attend the National G. A. R. and W. R. C. Encampment and visit points of interest in the East.

Mr. and Mrs. W. J. Oglesbee, Mrs. Raymond Wolf and two children; Miss Stella Bishop and Mrs. Elizabeth M. Whittington, attended the Miami Valley Chautauqua at Franklin, O., Friday. Mrs. Wolf sang a solo accompanied by Miss Bishop, as a part of the program.

Mr. C. H. Van Tress, prominent farmer, was taken suddenly ill at the Fairgrounds, Wednesday and taken to the McClellan Hospital, this city, where he underwent an operation for appendicitis. He is recovering nicely.

Mr. and Mrs. Elmer Burdy and family, of Dayton, are spending the week end with Mr. and Mrs. John McDonald at the McDonald camp, west of town.

Dr. and Mrs. A. B. Kester have returned home from their eastern trip. Dr. Kester will be in his office Monday for appointments.

FOR TREASURER A Ballot Marked

X | J. S. Van Eaton

Is a vote for Economy, Service, Integrity, clean business.

A farmer who will "make good." Republican Primary, Tuesday, Aug. 12.

To the Voters of Greene Co.

As a candidate for County Commissioner at the Republican Primary election, August 12, 1924, we have not found it possible to meet all the voters of the county personally and as we have never held a county office except one unexpired term, by appointment for one year on the Greene Co. School Board; we therefore kindly ask you, with whom we are not acquainted to investigate our qualifications for this office and if you are convinced that we are not qualified please do not allow friendship or relationship of any kind to induce you to support us but on the other hand if you find that we merit your support we will appreciate any favors shown us.

Signed

Bert Beam

The Political Yoke— Get Out From Under

For years Greene County has been under "boss control," dominated first by one group of factional politicians, and then by another, while the "machine" ground out its candidates, stamped, labeled, and ready for delivery to office, after the formality of election.

But like all abuses the limit is reached sooner or later, and with it comes the general repudiation of "controlled" candidates. The pendulum, after a long swing in the direction of factional control, is returning along a new pathway—a pathway the people are marking out, and one far stronger than the control held by a handful of self-seeking politicians.

The tide of public feeling is turning away from the "machine," as is demonstrated in the reception given to the candidacy of Dr. A. C. Messenger, local physician for the office of state senator. Dr. Messenger without organization support, free of domination by any political group, or faction; "unbossed," a candidate of the people, is appealing successfully to the great mass of voters, as the candidate who will best serve their interests in the state senate this winter.

Now is the time to select the best man for this important position, one who will serve the interests of the public, and not be hampered by domination of a political gang. The fact that a man is backed by a faction is just cause for careful investigation of the merits of that candidate, and when, for the first time in the history of Greene County, a political "boss" is himself seeking office, then a careful study of the situation should be the aim of every voter.

If you are against factional control, if you want to check machine-made candidacies, if you want to cast off the yoke of "bossism," then cast your vote next Tuesday for Dr. A. C. Messenger, a candidate of the people, who is unhampered by political factions and is free from domination.

MODISH MITZI—Mitzi Buys Clothes To Wear Aboard Yacht. By Jay V. Jay

They are going off on a short cruise, Mitzi, Polly and Eleanor with Lad and Aunt Sofia. Though they spend some time shopping for them wanting a few extra things. The gown shop ever since she came.

Eleanor feels that she could do Mitzi on and of course they'll be buying and come out laden with at of the seven-eighths length. et. Polly wears a simple white

use, Mitzi, Polly and Eleanor with Lad and Aunt Sofia. Though they these summer days, a cruise finds Besides, Mitzi has wanted to go in

with what she has but Polly is egg enter Ye Olde Shoppe with no idea parcels. Mitzi wears a cretonne co Eleanor has a sleeveless blazer jack sweater.

Things just seemed to be made for them. Eleanor purchased a white sweater with colored border around the neck, sleeves and bottom. Polly acquired an Iceland sweater in gay stripes of all colors of the rainbow. And Mitzi has a sport dress of Iceland wool knitted in a lace design. It has so many practical features that she feels it is cheap at any price. It won't wrinkle. It will be warm. It won't come dit of pleat. The money saved from the elimination of pressing bills would pay for the frock alone, Mitzi argues. She'll convince Dad that it is so, too.

CAESARCREEK

Caesar Creek Grange was winner of the first premium in the annual Grange contest at the County Fair, which was decided Thursday. The first premium was \$125. It was awarded upon a total of seventy-eight winning points made by the Grange.

Second premium of \$100 went to Xenia Grange for sixty-seven and three-fourth points; third place was won by Beaver Creek Grange which was awarded \$80 premium; Charity Grange on the Dayton Pike, was given fourth place and awarded a premium of \$60; Jamestown Grange won fifth place, a prize of \$45. The awards were given by the

Greene County Agricultural Society for the best general display of agriculture and horticultural products. The contest was in charge of J. C. Short, F. M. Burrell and Joseph H. Smith.

Date For Hearing Set.

Columbus, Aug. 8.—The state public utilities commission set Sept. 21 as the date for hearing the application of the Delaware Water company for an order fixing the rates for the disposal of water in the city of Delaware. The water company made its application for a rate schedule to the commission after the city failed to pass a new rate ordinance upon the expiration of the old contract scheduled on May 1, 1924.

Judge J. Carl Marshall —FOR— Prosecuting Attorney

To The Voters of Greene County:

Since it has been impossible for me to see many of you I take this opportunity of directing your attention to my candidacy for Prosecuting Attorney.

My admission to the bar in 1913 and my experience on the bench I believe qualify me for the Prosecutorship.

As Judge of the Juvenile and Probate Courts I have given my best service and trust my administration has been satisfactory.

If nominated and elected Prosecuting Attorney I pledge an earnest and conscientious endeavor to administer properly the duties of the office.

I hope to enlist your aid and respectfully solicit your support.

J. CARL MARSHALL.

To Probe Discount Company. Cleveland, Aug. 9.—Grand jury investigation of the affairs of the Cleveland Discount company was ordered by Governor Donahey of Attorney General Crabbe, who recently started a probe of the Municipal Savings and Loan company of Cleveland. A special grand jury was called at the request of the attorney general and the governor suggested that the same grand jury investigate the Discount company.

TEXAS COTTON BEATS 1923 BY 300,000 BALES

There is every evidence that this will be the most prosperous year in the history of Texas. It is the general belief that on the 15,600,000 acres planted to cotton this year there will be a production of about 4,650,000 bales, some 300,000 bales in excess of last year's crop. If the middling price of cotton remains around 25 cents as predicted, cotton fiber will bring around \$580,000,000 and cotton seed should return \$70,000,000 which would mean about \$650,000,000 for lint and seed.

A significant feature in connection with this year's cotton crop in Texas is that the Board of City Development at Amarillo estimates that the Northern Panhandle, together with one county in New Mexico and two in Oklahoma adjoining the Panhandle on the north, will produce 200,000 bales. This marks an advance of cotton into territory hitherto believed unsuited to the crop.

Members of the Texas Farm Bureau Cotton Association will receive an initial advance of \$70 a bale on all shipments of new cotton, some of which is now moving. The first advance would total about \$28,000,000 on the estimated receipts of the association this year of 400,000 bales. The receipts of the association last year were 187,327 bales, but since that time the membership has doubled.

HABIT

Almost everyone has some habit which he would do well to avoid. A habit of this character is quite certain to prove displeasing and make people avoid us. Thus our indulgence in the habit which we have acquired reacts against us, lessens the number of our friends, and often prevents social and business opportunities from opening their doors to us.

When we come right down to it, a disagreeable habit which can be overcome is nothing more or less than selfishness. It is as if we said, "I'll do as I please, and you can make the best of it." Many disagreeable habits persist until they endanger happiness and home harmony. A case comes to mind.

A woman who is excellent in many ways, and who is possessed of a great many virtues, has had one habit which has been very annoying to her family, and in her old age actually prevented her having a comfortable home offered her by well-to-do relatives.

This lady has always been fond of reading, and this entertainment has been a great education and recreation for her. More than this, she has had a desire that others should share with her the specially fine thoughts or valuable arguments which she comes across in her reading. From even her young womanhood she has permitted herself to burst out and read aloud fugitive passages which pleased her. It really made no difference at any time whom she was interrupting or how much she disturbed others about her.

Her children were accustomed to study their lessons in the family living room. Often in cold weather this was the only warm place, and it was disturbing to them, to say the least, to have their concentration broken into again and again by excerpts from readings which meant nothing to them.

WEED CUTTING TIME

There is a time for everything—now is the time to cut weeds. Cutting of weeds along the highways is properly an item of maintenance and should be regarded as an important part of the care of roads. According to present law, it is the duty of road and street officials to see that weeds and brush are cut at two periods in the year, namely, between the 1st and 20th of June and between the 1st and 20th of August; and if necessary between the 1st and 20th of September.

Because of the manifest indifference on the part of rural as well as urban officials in many sections with respect to this subject, it "will be necessary" to cut weeds in September. During the June period the law was ignored all too generally, and judging by the past it will likewise be disregarded during the August period—hence there will be plenty of cutting to do in September.

EVERY PARENT INTERESTED

Two young desperadoes are on trial in Chicago for a desperate crime. Some wise man like Judge Rutherford of the Pastor Russell organization, or Archbishop Curley of Baltimore, or President Butler of Columbia University says: "You can not make men moral by law. You can not legislate morality into them." But you can lay your hands on such degenerates and put them where they will take no more lives. The court is not chargeable with the reformation of those criminals. It is responsible for the protection of those whose lives might still murder, and for the restraint of those who might be led to imitate these criminals. Law is meant to set justice in operation. It is not necessarily for the reformation of criminals.

JUST FOLKS

Edgar A. Guest

SWALLOWS

Beneath the cliff where stands our shack

The summer swallows dwell;
And every coo on every back
Fits its possessor well;
Day in and out on wire or tree,
When they have come to rest,
Those feathered gentlemen I see
In evening raiment dressed.

No foolish rule need they obey
Which governs time or place;
They wear their dress clothes night
and day.

And with consummate grace;
The broadcloth of their garb I note,
Is something ultra fine
And not a wrinkle mars the coat,
As is the case with mine.

I sit and watch them proudly strut
Like stylish wedding guests,
And vow no common tailor cut
Those perfect coats and vests;
With grace and style in every line
And ease past words to tell,
I wish that swallow-tail of mine
Would fit me half so well.

These feathered gentlemen show me
How dress clothes should be worn,
From all self-consciousness they're
free

They're to the manner born;
In such a garb I feel absurd,
A much embarrassed male,
I think it really takes a bird
To wear a swallow-tail.

FOR CLASSIFIED ADS

WHO PAYS FOR WAR?

1904-Twenty Years Ago-1924

There promises to be a lively scramble for the office of county commissioner as some fifteen or twenty persons have signified their willingness to take up the burden of the position.

A Pan-Handle yard engine with a cut of cars attached, got tangled up in some telephone and electric wires in the western part of the city Wednesday night.

The annual reunion of the 164th regiment, which was largely composed of Greene County boys, was held at Lucas Grove on Thursday.

Mr. Charles Phillips, the night watchman, left on Thursday morning, for Washington, D. C., where he will attend the Fayette County fair.

MAKING OUR OWN SOAP

Parsley Potatoes	
String Beans	
Corn Salad	
Coffee	Ice Cream
Supper	
Corned Beef Hash	
Nut-Hastin Sandwiches	
Iced Cocoa	Celery

Every thrifty housewife keeps her beef suet, mutton tallow and pork fat for soap. Chop it coarsely and "try it out" (that is melt it) either in a pan in your oven, or else in the top of your double boiler over rapidly boiling water. Strain it through cheesecloth laid in a wire strainer, then add to the strainer fat twice its bulk of water and one tablespoon of salt and let boil for five minutes. Let stand till cold, and remove the solid cake of fat floating on the surface. Wipe this, dry, and store it till ready to use it. (This method may be used also for purifying fat and drippings to be used for cooking.)

If grease and scraps become tainted before they can be tried out for soapmaking, put them into a pot with three times their bulk of water and add permanganate of potash (a poison) in the proportion of one teaspoon of potash to six pounds of fat. Dissolve the permanganate of potash crystals in a little boiling water, mix well with the fat and boil till the fat is well tried out. Then strain through cheesecloth and cool. Remember, fat prepared in this way with permanganate must be used for soap-grease only, never for cooking purposes.

To make Laundry Soap: Dissolve one pound of lye in three pints of cold water and set aside to cool (for the action of the lye in dissolving makes the solution hot). Now melt five and one-half pounds of tried out fat and stir in two tablespoons of borax. When the fat is cool out not solid, and when the lye solution is cool, add the lye to the fat very slowly, stirring as you do so, and continue to stir steadily till the mixture is as thick as honey. It is now ready to be poured into shallow wooden or heavy cardboard boxes which you have previously lined with waxed or oiled paper, then set away in a cool place to harden.

To Make Toilet Soap: Dissolve one can of lye in two and one-half pints of cold water. Have ready five pounds of clarified mutton tallow barely melted. When the lye is cold again, after being dissolved, add it slowly to the melted fat, stirring constantly. Also add four ounces of glycerine, one-half ounce of oil of lavender or any other perfume preferred, and two tablespoons of

powered borax. Stir steadily till the mixture is as thick as honey and continue as above directed for laundry soap.

NEW BURLINGTON

Mr. and Mrs. Perry Guthrie and baby of Dayton and Mrs. Charles McKinney of near Bellbrook were guests Sunday of the latter son, Mr. and Mrs. Fred McKinney and family, south of town.

Mrs. Virgo Mitchener and Miss Helen Hill attended the Young Friend's Conference at Richmond, Indiana, last week.

Ruth Vickers of Dayton who is visiting at the home of her uncle and aunt, Mr. and Mrs. Roy Harvey fell from an apple tree a few days ago breaking both bones of her right arm near the wrist. An X-ray picture was taken and the bones set at the Kelly Hale Hospital at Willington.

Miss Katherine Holland entertained her cousin, Miss Martha Reeves of Richmond, Indiana, at her home west of town, Wednesday.

Mrs. Christy Vickers and children of Dayton spent several days this week with relatives here.

Mr. and Mrs. Everitt Haworth of Dayton were guests Sunday of her sister and family, Mr. and Mrs. Stanley Stephens and children.

Miss Katherine Swonger of Willington is the guest of Mr. and Mrs. Stanley Stephens and family.

Friends here received word of the death of Percy McFarland of Grape Grove Wednesday a former resident of this place.

Work has begun on clearing the creek bed as a preventive of high water.

The M. E. Sabbath School will picnic Wednesday of next week at the Ketter Woods near Lumberton.

Railroader Killed.

Lorain, O., Aug. 8.—Ralph Logan, 31, of Amherst, was killed here when he was caught between the locomotive he was handling and the tender.

Shot and Robbed.

Cleveland, Aug. 8.—Carl Mahoney, a paying contractor, was shot through the right elbow and robbed of \$350 by a bandit, who escaped with two companions.

Overcome With Cramps.

New Philadelphia, O., Aug. 8.—Tony Paolani, 18, sophomore in the high school, was drowned in the Tuscarawas river when overcome with cramps.

Stroke Responsible.

Akron, O., Aug. 8.—Physicians testified at the coroner's inquest that a stroke suffered by Lieutenant Harold A. Kulberg, famous American "ace," while flying 3,000 feet in the air, was responsible for the crash which resulted in the death of the pilot and Henry Dunker, a student flyer, near Hudson. Kulberg was unconscious when he struck the ground, physicians testified.

MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

WHAT IS MONEY?

a IT IS A COMMODITY THAT SERVES AS A MEDIUM OF EXCHANGE

b IT SERVES AS A STANDARD OF VALUE

the world's money tends toward conformity

What is Money?

Money is a commodity, the invention and use of which has existed since prehistoric times for convenience in exchange. The two main functions of money are (1) to serve as a medium of exchange; (2) to serve as the standard or common denominator of value.

Anything which will fulfill those two requirements may be used for money. Due to modern conditions the field has narrowed so that money must be something which has a high specific value.

A further limitation to money has crept into the modern world due to international trade. This limitation is—the money of all civilized countries must in some degree, correspond in order that there may be an exchange of money so values may be correctly determined.

BELLBROOK

Mrs. John Weaver entertained the W. C. A. of this place at her home last Friday afternoon. About twenty five ladies were present.

Mr. Chenoweth, of Lebanon, who has been visiting his daughter, Mrs. Ella Sidenstricker, for the past week has returned home.

Mrs. Andrew Belt, of Belmont, was visiting relatives here last week.

Mrs. Mary C. Kolker is spending a few days with relatives in Cincinnati.

Mrs. E. Allison and son Carl, of Dayton, visited J. D. Harness and family last Friday.

Mr. Frank Lamme, north of town, is on the sick list.

Mrs. R. Purdon and family are entertaining this week, Mrs. Linda Shepherd and two granddaughters of Dayton.

Funeral services for Charles Davis, whose death occurred last Saturday from dropsy, were held at the home of his nephew, John Davis, east of town, Monday afternoon. Burial was made at this place.

John Webb, formerly of this place, died at the home of his son, Charles Webb, in Indianapolis, last Saturday. Burial was made at this place.

SPRING VALLEY

The name of Miss LaVerna of Spring Valley is among the hundred submitted to G. R. Lewis, State Fair manager, in the State Fair Queen popularity contest.

The contest will close August 20 and the winner will be sent to Columbus at no expense to herself and will be accorded unusual honors.

Much interest in the contest is being evidenced in every section of the state.

Today's Talks

I consider golf one of the finest games in existence. In the first place it takes you out into the open rolling fields, valleys, hills, and around patches of towering trees that seem to look down upon you as you play.

Then there is the clean air and sunshine. But, best of all, the delightful companionship.

Golf brings out character in a better way than almost any game I know of. Play golf with a man or woman if you want to find them out.

If you play straight you get into no trouble. That's the way it is in

CROP IMPROVEMENT DURING JULY NOTED IN EXPERTS' REPORT

Washington, Aug. 8.—The monthly crop report of the department of agriculture says that prospects for the country's harvest of corn this year increased 61,000,000 bushels during July, while the prospective production of wheat increased 70,000,000 bushels during the month. The production forecasts, based on conditions prevailing Aug. 1, include: Oats, 1,439,000,000 bushels; barley, 134,000,000 bushels; rye (preliminary estimate), 65,800,000 bushels; buckwheat, 15,100,000 bushels; white potatoes, 399,000,000 bushels; sweet potatoes, 80,800,000 bushels; tobacco, 1,202,000,000 pounds.

The preliminary estimate of total production of winter wheat by principal producing states follows: Pennsylvania, 19,850,000; Ohio, 37,162,000; Indiana, 29,520,000; Illinois, 35,648,000; Michigan, 17,447,000; Iowa, 8,078,000; Missouri, 26,483,000; Nebraska, 55,324,000; Kansas, 154,258,000; Texas, 22,422,000; Oklahoma, 51,258,000; and Montana, 12,404,000.

The report says that spring wheat had almost ideal weather in Minnesota and in part of North Dakota, but farther west it was less favorable and in Washington the crop is unusually poor. From Aug. 1 conditions a forecast of 224,767,000 bushels was made for the spring wheat crop. That is 28,000,000 bushels more than forecast last month. Corn deteriorated much less than usual in July and while the condition of the crop on Aug. 1 is the lowest on record, with three exceptions, since statistics were begun in 1863, a forecast of 2,576,440,000 bushels is made for this year. An early frost would play havoc with the crop, a frost at an average date would damage a considerable fraction of it, and a late fall without frost is essential to the maturing of the bulk of the crop, the department experts state. Although there are reports of a fairly good yield in prospects for several states, many of the reports tell of poor stands, short stalks, weeds, yellow color, either too much rain or drought, drowning and abandonment, and so on.

Weather for the tobacco crop has been unfavorable, especially along the Atlantic coast.

life. If you get into trouble, keep a cool head and play out carefully and keep your nerve. Never lose your temper. That's the way to do when you get into trouble in life.

And remember this: the oftener you get into trouble and play out courageously the better player you finally become.

Never blame your clubs or your tools. I have a pair of clubs given me by my fine friend Eddie Guest. They were selected by our mutual friend Donald Ross who was one of the finest sports and gentlemen I have ever known. But fine as the clubs are, and much as they mean to me, I play no better with them because of what they are.

Clubs and tools are merely clubs and tools. Perfection in golf comes only through long and tedious practice and through using your head.

But the game will make any man a better man if he will let it. It will better his health, clear his brain, steady his nerve and train his temper. The last is a great accomplishment and well worth the entire cost of the game.

Every city and community should invest in a golf course for the benefit of its people.

Expense becomes an investment just the minute that it makes better men and women.

New Outbreak in Nicaragua. Washington, Aug. 8.—The state department received a dispatch from Minister Franklin E. Morales at Tegucigalpa, the Honduran capital, which said that General Ferrera, minister of war under the provisional government, left the capital Aug. 6 with 500 men, each soldier carrying three extra rifles. The force was bound presumably for Comayagua, the message said, adding: "The country is again at civil war and termination of hostilities can not be expected for some time."

French to Consider Evacuation.

Paris, Aug. 9.—A conference of high government officials will be held here Sunday regarding the final stand the French government should take at the London conference on the military evacuation of the Ruhr and the maintenance of the Franco-Belgian railroad men in the Rhine-Railway system. The Germans do not conceal their determination of accepting no settlement not putting an end to the presence of French and Belgian troops in the Ruhr.

ATTORNEY Frank H. Dean

CANDIDATE FOR Prosecuting Attorney

Mr. Dean was born on a farm in Greene County, in what is known as the Dean Neighborhood in New Jasper Township. His education was obtained at the Anderson School in that township, in the Xenia High School, and in Monmouth College, at Monmouth, Illinois, from which institution he was graduated in June, 1892.

During two years he taught in this county, one in a district school of Xenia Township, and one in Cedarville College, the first years of its existence. Engaging in the study of law, and after one year in the Cincinnati Law School, he was admitted to the bar of Ohio in 1897, and has ever since continued in the practice of law in Xenia.

As a lawyer, Mr. Dean has pursued a general line, giving his attention to all classes of cases. His record as a lawyer is a good one. Whether in adjustment and settlement of his clients business or in a trial of the same in court, his endeavor has always been, in the most painstaking and careful preparation, to so conduct and present all matters that a just and satisfactory justice may be secured.

Always an interested student of all questions pertaining to political science, Mr. Dean has found in the profession of law, as it presents applied and concrete examples of that science, the simplest and most obvious answer to some of the most discussed problems raised by the political publicist. To him the questions of efficiency of a Republican form of government takes the form, Shall the law be enforced?

Thus he holds that the political question of profound import in this country is one of Law Enforcement. In one aspect this is nation-wide, in another it is special and limited to the numerous and several counties of the land. A rigid, sincere and unflinching law enforcement will answer the most doleful doubts or all clamorous platitudes disparaging the law of the land and its administration.

Since admission to the bar, Mr. Dean has lived and is known to the citizens and he and his wife are rearing their family of two children in our midst. Whatever he may have to advance in favor of his candidacy for prosecuting attorney, he yet knows, that as he has lived and is known to the citizens of the community, so he must find favor with them as a candidate. To their fair and candid judgment only does he present his request for the preference which he seeks.

The issue he confidently leaves with them, to be decided on Tuesday next. The result he will cheerfully abide.

MEMBERS OF BOYS' AND GIRLS' CLUBS WIN PRIZES IN LIVESTOCK, CLOTHING, FOOD SHOWS

Members of the Greene County Boys and Girls Clubs, were winners of handsome prizes awarded after the judging of their exhibits at the Greene County Fair this week. Besides a grand prize for a trip to Boys and Girls Club, Waverly, at Columbus with all expenses paid, large cash prizes were distributed to the winners in the Clothing, Food, Pig, Jersey Calf, Poultry and Baby Beef Clubs.

Ralph Shanks of Bowersville won first prize in the Junior Yearling Class and the championship prize with his shorthorn steer exhibited in the Boys and Girls Steer Club, the "baby beef" contented at the fair Thursday. He was awarded \$15.

Young Shanks was a prize winner in the steer calf club last year which was the first year club work in that class undertaken in this county.

John Cooper, of near Xenia, won second prize, \$12.00 with his Hereford exhibit. Third prize was won by Harold Armentrout of the Upper Bellbrook pike with an Angus calf and a Hereford.

Other entrants, Arliff Smoth, Shorthorn; Benjamin Cooper, Hereford; Grace Delph, Shorthorn and Robert Jacobs, Shorthorn, were all awarded \$6. To the first four winners, local merchants donated prizes. Ralph Shanks was given a \$10 sweater by the Criterion; John Cooper, merchandise gift from Babb's hardware store; Harold Armentrout, merchandise from the Huston and Bickett Hardware Company and Herbert Mallow, gift from the Katz and Richards Clothing Store.

In the Senior Calf Class B, of the same contest, Paul McClellan of near Xenia, won first prize with a Hereford calf. Mary Cullice of the Clarks Run Neighborhood was second with an Angus calf; Cornelius Grinnell of Miami Township won third prize with a Hereford and the fourth prize went to Frank Armentrout of the Upper Bellbrook pike, who exhibited an Angus steer.

Paul McClellan was given a pair of \$5 shoes by the Frazer Shoe Co., Mary Cullice, merchandise from the S. and S. Shoe Store; Cornelius Grinnell, merchandise by the McDorman and Humphrey Company and Frank Armentrout, merchandise by the Greene Co. Hardware Company.

Other contestants were Lee Ferguson, Hereford; Philip Fay, Hereford; Thomas Cullice, Angus; Carl Ferguson, Hereford; Edward Jacobs, Shorthorn; Earl Smith, Denver Bobmitt; James Stormont, Shorthorn; Junior Brown, Angus; Orville Bobbitt, Shorthorn and Jert Kable, Hereford, who were given \$6 apiece.

The Shorthorn exhibited by Earl Smith, showed the best gain of any calf exhibited, 93 per cent, and the owner was given a merchandise award by the Kennedy Shoe Co.

The twenty-three calves were auctioned off after the show. Col. Glen Weikert of Springfield, acting as auctioneer. The highest price, \$13.25 a hundred pounds, was paid for champion steer. The calves brought an average of \$11.50 a hundred. Four were bid in by Buck and Son; four by Cloissey Anderson and five by Fisher Brothers of Xenia. Becker Brothers of Springfield bought five. One was sold to O. E. Kelly and will go to Whitehall Farm at Yellow Springs. Another was sold to F. B. Turnbull of Cedarville for his farm. Cedar Dell. The Dairy Calf Club exhibited eleven Jersey and Guernsey calves in its show at the fair, Thursday. This is the first year work of that club.

Harold Huston, of Yellow Springs, was the winner of the sweepstakes prize, a trip to Columbus, during the Boys and Girls Club week, with all expenses paid. The Jersey Calf Club show was divided into three classes. Miss Janet Mellinger, Yellow Springs, won first prize in the Yearling Jersey Show. She is sixteen years old and a daughter of Charles Mellinger who lives near Yellow Springs. She was awarded \$15.

Joseph Finney, 11, of near Cedarville won second prize money of \$12.50. Donald Engle, 11, of near Cedarville, won third prize, \$10 and Heber Keach of Jamestown, won fourth prize, \$8. In the Jersey Calf Club, Miss Maryetta Shoup, fourth, and Miss Maryetta Shoup, fifth. All other winners were awarded \$1.

Miss Ella Louise Denison was first prize winner in the Advance Clothing Club show. Miss Edna Swindler won second; Miss Mabel Bigler, third; Miss Ruth Stewart, fourth and Miss Katherine Conklin, fifth.

In the First Year Food Club exhibit, Miss Ruth Ferguson won first prize; Miss Hazel Griffith won second; Miss Daisy Burba, third; Miss Freda Burnett, fourth and Miss Margaret Stubbs fifth.

Miss Emma Mellinger won first prize in the Advance Food Club show. Miss Helen Louise Stevens won second; Miss Florence Stafford, third; Miss Ruth Wardlow, fourth and Miss Josephine Auld, fifth.

The Pig Club winners were Ben Pierce, Everett Gregg, Harold Pierce, Harvey Heironimus and Kenneth Stubbs. The Advance Pig Club winners were Earl Michael, Donald Engle, Stanley Chitty, Walter Finney and Joseph Finney.

In the Poultry Show, Miss Louise Hutchison won first prize; Miss Lucille Stroupe, second; Miss Grace Delph, third; Horace Harner, fourth and Roger Rogers, fifth. The Advance club show winners were Miss Helen Finney, Miss Anny Printz, Miss Elsie, or Finney, Charles Kyle and Elbert Manor.

In the Demonstration Team con-

REACH CINCINNATI

A party of Xenia boys in charge of R. H. Kingsbury, on a canoe trip down the Miami and Ohio Rivers to Madison, Ind., was entertained at dinner Thursday at Camp Edgar Friedlander, Boy Scout camp near Milford where 150 Cincinnati Boy Scouts are camping. The camp includes several acres of woods and grounds. Friday the party arrived at Cincinnati and camp along the Ohio.

JOSEPHSON HEARD BY GRAND JURY

Columbus, Aug. 9.—County Prosecutor King today refused to divulge the testimony of Attorney Louis W. Josephson, charged with embezzling \$92,000 from the Industrial Engraving Company, of which he formerly was an officer, when he appeared before the county grand jury, waiving immunity.

While it was considered unusual for a man in Josephson's position to voluntarily submit to grand jury questioning, Prosecutor King said after the attorney had testified that "our weeks of labor on the case was justified by results obtained by the grand jury."

Among those to appear before the grand jury was George A. Horn, Dayton, who is said to have stated he invested \$11,000 in the endowment company after receiving assurance from a former member of the state blue sky department that the company was sound financially.

FRIENDS SAY JAMES A. WHITE WILL BE NEXT REPUBLICAN CANDIDATE FOR OHIO GOVERNOR

JAMES A. WHITE

Columbus, Aug. 9.—Developments marking the progress of the primary campaign of the past few weeks, permits his friends to say, with some degree of finality, that James A. White will be the Republican nominee for Governor of Ohio," says Hugh Huntington, chairman of the White-for-Governor committee, in a statement issued from headquarters here.

"From the very inception of the campaign," said Mr. Huntington, "the Republican electorate of Ohio has recognized the fact that it was to be a case of the field against White. Now, even the most seasoned of the party's practical politicians are awakening to a realization of the fact that it is a case of White against the field."

"The confidence of the prediction that Mr. White will be the Republican nominee for governor, is based not only upon the enthusiastic pledges of support that have come to him during the course of his initial speaking tour but also upon the hundreds of messages that have come from every city and village in the state to his headquarters in the Roylands Building, bearing assurances of loyalty and good will which strikingly demonstrate the truth of the oft-repeated political statement that 'Jim White has a stronger personal following than any other man in Ohio.'"

"That some stabilizing influence is needed in the Republican politics of Ohio is generally conceded and the steady drift of political sentiment to-

ward the White candidacy, which will be ever more strongly accentuated within the next week, is clearly indicative of the fact that Jim White is being more and more recognized as the needed anchor of stability at a time when men and women of party faith are becoming deeply imbued with the idea that Republican Ohio can be safely governed by Republicans.

AUTO CAMP IS NOW READY FOR CAMPERS

Xenia's free camping site, which has been closed to tourists during fair week, may again be used for this purpose, it was announced Saturday by Diver Bolden, secretary of the Greene County Automobile Club.

Work of beautifying and repairing the grounds will start next week it is said, and signs will be erected the first of the week relative to the new camping site.

The tourist camp will be open for an indefinite length of time, and was only closed for the week preceding and during the County Fair.

WORK ON NEW HOME SCHOOL BUILDING STARTED THIS WEEK

Work on the new high school building at the O. S. and S. O. Home, which will include a gymnasium and swimming pool, was commenced Thursday of this week.

Mr. Steger, construction engineer from the State Architect's office, was in Xenia, staking out the building and getting the work started. McCurran Brothers of this city are the general contractors for the work and will begin construction Monday. Their bid calls for about \$100,000.

McCurran Brothers also have contracts for the erection of buildings at Wilberforce University, in the C. N. and I. Department, including a laundry and home economics building. These structures were also located by Mr. Steger while here and work on them will be started at once, according to McCurran Brothers.

SPRINGFIELD JUDGE SEEKING ELECTION TO SUPREME COURT

Judge Frank W. Gelger, for twenty years a Common Pleas Judge and Probate and Juvenile Judge of Clark County, is confident of victory when he comes before the voters next Tuesday in his campaign for the state supreme court.

Judge Gelger has the backing and endorsement of the Clark County Bar Association, besides the committee endorsements in his home county and is being strongly recommended for the bench he seeks, by the voters of this district, where he is well known.

Delegates to the state central committee of the Republican party from this district, headed by Dow Aiken member for this district, have also taken action urging his selection at the polls and Clark County Republican women are sponsoring his candidacy also. Judge Gelger is well-known here for the able record he made on the bench in Springfield and friends here believe he will win next Tuesday.

EIGHTY FIFTH FAIR COMES TO CLOSE ON FRIDAY AFTERNOON

The Greene County Fair was brought to a close Friday afternoon with only a comparatively small crowd enjoying the festivities, and it was a tired but happy gathering that wended its way out through the gates late in the afternoon.

Many new and unique displays were offered patrons for their approval and these were ultimately rewarded by premiums as a token of appreciation from the Greene County Agricultural Society.

Bargains were the feature of closing day. Vendors of ice cream candy, toys and fancies shouted their sales at reduced prices until persons tiring of the gaiety were forced to adopt adroit methods in leaving the grounds unseen and unheard by the bally-hoo men.

Interest in the exhibits had almost faded out towards racing time, and when the various pacers and trotters finally made their appearance, the booths were almost deserted.

Ideal weather greeted fair goers this year.

The grounds after the conclusion of the final race assumed a deserted appearance, broken only here and there by a few who had not yet carted away their exhibits.

JUDGE KYLE MAKES STRONG CAMPAIGN FOR APPEALS COURT

Judge Charles H. Kyle of this city, is making a strong campaign for the Republican nomination for Judge of the Court of Appeals in the second district composed of Greene, Champaign, Clarke, Darke, Fayette, Franklin, Madison, Miami, Montgomery, Preble and Shelby Counties.

His nomination and election would give Greene County its first representative on this bench since the late Judge C. C. Shearer served more than 20 years ago. Many years on the Common Pleas Court bench here have qualified the local jurist for the position he is seeking.

During that time Judge Kyle received many assignments from Chief Justice Hugh Nichols to sit in important cases that testified to his ability. In addition to his record on the local bench, Judge Kyle was for six months a member of the Ohio Board of Clemency, until the law creating that board was abolished, since which time he has been practicing law here with his son, James Kyle.

STATE SPECIALIST WILL HEAD SOY BEAN TOUR AUGUST 11-12

John A. Slipher, extension specialist of the Ohio State University, will have charge of the soy bean tour over the county, Monday and Tuesday, on which all Greene County farmers are invited.

Those taking the tour will leave the Farm Bureau Office in the Federal Building at 8:30 o'clock, standard time, both days.

The schedule for Monday, August 11 includes visits at the following farms, at the following time: William Anderson, 9:00; New Jasper Township, to see soy beans grown for hay and seed; 10:30, Marvin Williams, Cedarville Township, grown for hay and seed; 1:00, George W. Glass, Ross township, hay and nurse crops of beans; 2:45, O. M. Phillips, Silvercreek township, beans grown for seed.

Tuesday, August 12: 9:00, John Munger, Beaver Creek Township, grown for seed; 10:30, Everett Stubbs, Sugar Creek Township, grown for hay, seed and hogging; 12:30, C. C. Evans, Spring Valley Township, grown for hay and seed; 1:30, J. L. Stroup, Cassar Creek Township, grown for hogging; 2:45, C. J. Mellinger, Miami township, hay and nurse crop.

SAME TERRITORY IS SOUGHT BY OSBORN AND FAIRFIELD NOW

The old territory annexation controversy between Fairfield and Osborn broke out again Saturday when Fairfield corporation, through Miller and Finney, its attorneys, filed a petition with the county commissioners for annexation of certain territory in Bath Township north east of Fairfield Village.

The territory is practically identical with that asked for in a petition filed June 12 with the commissioners by The Village of Osborn, through Morris D. Rice attorney. The coveted ground is to the north west of Osborn and in Bath Township.

The hearing of the Osborn petition is set for August 14, while the Fairfield petition will be heard sometime within the next sixty days required by law.

The fight between the two corporations is one of long standing, and goes back to the time when the Miami Conservancy District was established, thus making necessary the re-location of the village of Osborn.

Osborn, in order to retain its name and charter, was forced to annex new territory, and move the entire village to a new site. The village, however, is a growing community and is expanding making necessary the addition of more ground for building purposes.

Fairfield, on the other hand, also wishes to annex the same territory desired by Osborn.

Some talk was made of joining the two corporations which border one another into one corporation, called "Fairborn", but the issue fell through.

Now the fight between the two villages is being renewed.

SNOODLES—Camouflage

By CY HUNGERFORD

CAMERA NEWS

MURIEL ASTOR BECOMES PRINCESS.

Allice Muriel Astor, daughter of the late Colonel John Jacob Astor of New York, and Lady Ribblesdale, of London, has been married, in three ceremonies, to Prince Obolensky, son of an old Russian family of nobility. She is shown with her husband outside the Russian Church at Buckingham Palace, London, after the first ceremony.

WEAR GAS MASKS AGAINST ROBBERS.

Railway mail clerks running out of Milwaukee, Wis., are shown wearing regulation U. S. Army gas masks, which are now a stipulated part of their equipment. The issue of the masks follows the sensational \$2,000,000 railway registered mail robbery near Roundout, Ill., where the bandits used gas bombs to overcome the resistance of the mail clerks.

BOY RAISES RADISH ALMOST AS BIG AS HIMSELF.

"Sonny" Frelscheim, a Washington, D. C., youngster, is shown with a giant radish he grew in a little patch of ground adjoining his home. It measures four feet nine inches, from end to end, and weighs two pounds.

MAY CLEAR MILLION ON \$2,500 INVESTMENT

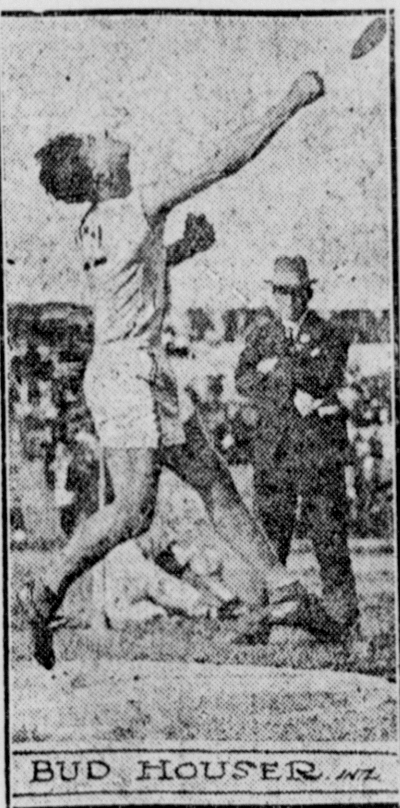

Charles H. Greenhaus, a youthful New York broker, shown here with his attorney, Bernard H. Sandler, will clear a profit of \$1,000,000 on an investment of \$2,500 if the courts vacate an injunction brought against him. The youthful financial manipulator bought options, at a large discount of 7 per cent, secured gold bonds, which he offered, dollar for dollar, to stockholders of Middle States Oil Company for their holdings. His profits will come from the discounts he received.

CURING ROOM FOR CHEESE.

This is the curing room in the Dairy Bureau of the Agricultural Department in Washington, where 300 big Swiss cheeses are being cured for experimental purposes. It takes from four to five months to cure one of these big fellows; that is, it takes that long for the bacteria to form the holes, etc.

Bud Houser Set New Prohibition Candidate for Discus Record.

Bud Houser, of California, member of the American team, is shown winning the discus throw in the Olympic games in Paris, when he set a new Olympic record with a toss of 44.155 meters.

Here is H. P. Faris, of Clinton, Mo., Presidential nominee of the Prohibition Party. Mr. Faris has always been an ardent "dry" and has several times run for Governor of Missouri on the Prohibition ticket.

BRITISH 'ROUND THE WORLD FLIER IN JAPAN

This is the first picture to reach the United States of the arrival of Major J. Stuart MacLaren, the British 'round-the-world' flier, as he was welcomed at the Kasumigaura Aviation Field, north of Tokio, by Japanese officials upon his arrival in Japan from China. After leaving Japan Major MacLaren was missing for three days, but was found, alive and well, having been temporarily forced down in a desolate Pacific island.

HEIRESS IN UNITED STATES TO STUDY.

SENORITA THERESA ARGUELLO.

Senorita Theresa Arguella, South American beauty, heiress to \$3,000,000 and much sought after by the youth of Nicaragua, has arrived in San Francisco to complete her studies. Her home is in the quaint little port of Granada.

MEN WHO FIGURE IN NEWS OF THE DAY.

Above: JAMES A. FLAHERTY & GEORGE HARVEY
Below: CYRUS E. WOODS & JOHN H. HAMMOND, JR.

Cyrus E. Woods, American Ambassador to Japan, has resigned. He was opposed to the Japanese exclusion act passed by Congress. John Hays Hammond, Jr., son of the noted engineer, has exhibited in Rome a secret radio device, which sends several messages at one time and which can be picked up only by stations knowing their combination of wave lengths. James A. Flaherty, Supreme Knight of the Knights of Columbus, will receive from the Pope the first medal struck off in commemoration of the outstanding achievement of the year 1923 in the Pontiff's reign. For the first time in history this medal is dedicated to an American lay organization, the Knights, for their charity work in Rome. George Harvey, former American Ambassador to London, has been appointed editor of Edward B. McLean's Washington Post.

ALTER CURBS FOR HER WHEEL CHAIR.

HILDA LIMA.

For five years little Hilda Lima, now 10, daughter of an Evanston, Ill., carpenter, has been imprisoned in her wheel chair by infantile paralysis. Daily she has stirred the pity of Evanston folk as she strained her emaciated wrists and back to urge her wheel chair over the high curbs between her home and the Lakewood School. So the Evanston Board of Aldermen have lowered all the curbstones over which she must pass to assist her weary body.

Minneapolis Boy Is Yale Crew Captain.

ALFRED M. WILSON.

Alfred M. Wilson, of Minneapolis, Minn., has been elected captain of the 1925 Yale University crew. He succeeds J. S. Rockefeller, of Greenwich, Conn. Wilson rowed No. 3 in Yale's "wonder crews" of 1923-24, which won the Olympic race. He graduated in 1925.

Negro Heads Hospital for Negro Vets.

DR. J. H. HART.

Dr. Joseph H. Hart, of Indianapolis, Ind., has been appointed medical officer in charge of the U. S. hospital for negro veterans located at Tuskegee, Ala. The staff will be composed of negroes. During the World War Dr. Hart attained the rank of major in France, the highest rank of any negro officer in the Medical Reserve Corps.

Persians Must Atonc for Imbrie Death.

MAJOR & MRS. ROBERT IMBRIE.

The United States will demand apology and indemnity from Persia for the death of Major Robert W. Imbrie, of Washington, American Vice-Consul to Teheran, who was beaten to death when he photographed a holy man. Major Imbrie was recently married to Miss Katherine Gillespie, of New Rochelle, N. Y., who was a director of the Near East Relief Orphanage in Constantinople.

COURT ORDER HALTS EFFORT TO CUT OFF GAS AT BROOKVILLE

The temporary injunction issued in Common Pleas Court, of Dayton, some time ago, restraining the Logan Gas and Fuel Company from cutting off the supply of gas from the village of Brookville, will remain in full force until the application to the supreme court by the company to abandon its service has been decided upon.

This decision was given by Judge E. T. Snediker in Common Pleas Court, Dayton, Friday, who said that the "supply ought not to be cut off pending the decision of the supreme court as irreparable damage would result to the citizens if the service was abandoned immediately."

The decision, although handed down as a result of a fight instituted by the village of Brookville, affected other towns including, Eaton, Greenville, West Alexandria, Lewisburg, Fairfield, New Paris, New Weston and New Paris.

A temporary restraining order was also issued in the local Common Pleas Court recently against the gas company restraining it from stopping the gas service in Osborn and Yellow Springs.

The aforesaid villages contracted with the Jantha Light Company eleven years ago for their gas supply, and the Jantha Company in turn obtained the gas from the Logan Company. The contract was made for ten years.

In 1919 the Jantha Company was allowed an increase in rates, and in 1920 a petition from the company to abandon service because of lack of supplies was dismissed by the Public Utilities Commission.

The gas company took the matter to the supreme court and the matter is still pending there. Recently the villages filed suit for the injunction in Common Pleas Court.

AUTHORIZE ANOTHER CITY MAIL CARRIER; T. F. KIELY IS NAMED

After a long, hard effort, covering several months, Postmaster H. E. Rice Saturday received notice that Xenia, in recognition of the increase in postal business, has been granted an additional city carrier, effective August 11.

This increase brings the number of city carriers up to eight, plus two auxiliary carriers.

Thomas F. Kiely, senior substitute carrier, has, pursuant to regulations, been named to the new position at a salary of \$1,800 per annum.

The seventh carrier was authorized Sept. 1, 1916. The postal receipts for that year were \$28,104.27.

The postal receipts for 1923 were \$43,476.99, an increase of 54 per cent.

The adding of one more carrier to the force will necessitate a redistricting of the city to the end that quicker and better service may be given over the entire city.

According to present plans a business district will be laid out and in this district three prompt deliveries will be made daily. Deliveries in residential districts also will be speeded up to whatever extent may be possible with an augmented force.

HERE AND THERE

C. P. Baker, seaman, was killed, and R. W. Cheney, aviation pilot, was seriously injured, when an airplane in which they were flying crashed to the ground at San Diego, Cal.

Retail cost of food in 14 cities has increased 1 to 3 per cent, the federal department of labor announced after a survey.

Tippie of the Whiteman mine of the Clarksburg Big Vein Coal company, near Clarksburg, W. Va., was wrecked by two explosions. The mine has been operating on a nonunion basis.

A debt of \$25,000, mentioned in a letter found beside the body of Robert G. Leconte, noted surgeon of Philadelphia, is believed by detectives to have been the motive for his suicide.

New Cops on Force.

Canton, O., Aug. 9.—Eight new officers were added to the Canton police force by Chief of Police S. A. Lange to fill the vacancies caused by the suspension two days ago of a sergeant and eight patrolmen, as a result of testimony given during the recent trial and conviction on a bribery charge of E. E. Curtis, former safety director.

BRINGING UP FATHER

LOVE - OR FAME?

By
VIOLET DARE

AUTHOR OF "THE HALF-TIME WIFE"

WHO'S WHO AND WHAT'S HAPPENED.

DOROTHY LANE goes to New York to visit a friend and try to break into the movies. She soon gets started, and through the friendship of

LAWRENCE FRENCH, a young publicity man, gets an engagement with

JOHN SEWARD, "the great lover of the screen," who falls in love with her and asks her to marry him.

However, she cares more for French, but is not sure that he cares for her. She has an unfortunate experience with

EXKHORN, one of the big producers, and decides to go back home and give up her career, when French gets her a part in a picture being made in the country by

CARL BANNING. French follows her to the country and proposes to her. Banning persuades them not to be married at once, and French goes back to New York.

The star of the production, CRYSTAL MAY, does all that she can to make things unpleasant for Dorothy. Crystal refuses to do a dangerous leap, and Banning gives that scene to Dorothy. Dorothy realizes that it will mean a great deal to her career if she does it, and goes through with it, though she is much frightened. Later she learns that Crystal has insisted on having that scene cut out.

TODAY'S INSTALLMENT.

LII—A TEMPEST IN A TEAPOT.

CRYSTAL MAY seemed to be in high spirits, and all through supper she'd look over from the little table where she and her mother ate and make fun of me.

"You ought to remember the old saying. Look before you leap; before you try it again, Dorothy," she cooed at me as she left the room at last.

That was just the last straw. But before I could think of any-

thing to say back to her Janet Powers retorted: "Yes—and you ought to think before you tell who's backing you, Crystal. Sweet little ingenues with curls ought to be discreet."

That set off a perfect storm. Crystal stalked out of the room in a blaze of wrath, and her mother stamped up and down the veranda till Janet and I came out, and then jumped on Janet, calling her all sorts of names. She was a perfect old fury. People said she'd been

brought up in a Western mining camp, where her father ran a gambling house, but I don't believe that even that would have accounted for the things she said to Janet.

I just couldn't stand the awful wrangle. After the unhappy day I'd spent I didn't care if Janet Powers and Mrs. May killed each other!

But that fuss they had made, made things more difficult than ever for me. For some reason Mrs. May and Crystal were a little bit afraid of Janet, but of course they knew that I just had to stand for anything they wanted to say. Crystal made Mr. Banning cut my part

I sat on the side lines day after day.

down till there was hardly anything left of it, and as I sat on the side lines day after day, all made up, with the sun making the grease paint on my face melt and run, I told myself that I'd been a perfect idiot not to go back to New York and let the old picture go hang.

I'd had a telegram from Larry in answer to mine. It just said: "Sorry—we'll make up for it later—I'll try to see you before I go; too busy to write."

But I hadn't much hope that he'd come. And as the days dragged by, hotter and hotter, and Crystal and her mother got more and more disagreeable to me, life hardly seemed worth living.

Every one said that the stage star with whom Larry was going to the Coast was perfectly wonderful. Men were always falling in love with her, but she was such a charming person, sort of like Ethel Barrymore, that even the women could understand it. And the novelist who was going along was a wonderful person, very witty and awfully interesting. I was convinced that Larry would have such a marvelous time with them that he wouldn't want to come back and settle down with any one as humdrum as I was.

Tomorrow—A Word About Matrimony.

Woman's Slayers Captured.

Washington, Aug. 9.—The murderers of Mrs. Rosalie Evans, widow of a British rancher in Mexico, who was killed Sunday near her property at Pueblo, Mexico, have been apprehended and identified, the Mexican foreign office has informed American Charge d'Affaires Schoenfeld, according to word received at the state department.

Torrid Wave Sweeps East.

New York, Aug. 9.—Torrid weather is reported throughout the eastern states, the thermometer passing the 100 mark in several cities. Deaths and prostrations are reported. New York's millions slept on fire escapes and in the parks while special police men guarded over them. One man died from heat, three bathers drowned and scores of persons were overcome.

BIJOU

TO-NIGHT

Flaming Barriers

With Jacqueline Logan, Antonio Moreno, Walter Hiers
Here's scorching, pulse-quickenning melodrama—the kind that sets a record-breaking pace with the first flash and keeps you on edge to the last.

Charles Ogle and Robert McKim in the cast

MONDAY AND TUESDAY

Boy Of Mine

Booth Tarkington Says:

"It's greater than 'Penrod and Sam'"—greater because it's the grandest human story ever told—full of smiles and tears from the heart—full of life, real life, the kind that gets you because you know it so well. The story of a man who was a success as a husband but a failure as a father.

Ben Alexander, Rockliffe Fellowes, Henry B. Walthall

Irene Rich in the cast

Also

"STAY SINGLE"

A two reel comedy

Admission 20c and 25c

THE SHINING BEAUTY, FRESH FROM THE POOL, IS ONLY A PART OF THE MEAL. "E" BRAND PORK AND BEANS COME NEXT IN IMPORTANCE.

FOR MEALS IN THE GREAT OUTDOORS

"E" BRAND Pork and Beans

The experienced fishermen, camper, hiker or picnicker knows that no other food fills quite so large a place in the outdoor meal as pork and beans and one trial will convince him that "E" BRAND PORK AND BEANS are the very best on the market. They are Michigan grown beans (the finest in the world) put up in an appetizing tomato sauce with a liberal slice of pork to give added flavor. They are nourishing, wholesome and always delicious.

"E" BRAND RED KIDNEY BEANS

Particularly tasty and tempting are "E" BRAND RED KIDNEY BEANS—big, meaty, mellow beans—that are put up in a new, fine-flavored sauce that never fails to delight. For vegetable salads they are unexcelled. Keep them always on hand and save the time, labor and expense of home cooking.
